

## CLUBS BEGIN WORK

WOMEN'S CLUBS OF MARYVILLE MEAN MUCH TO CITY.

## WILL WORK TOGETHER

An Outline of Their Work—The Names of the Members and Officers Are Given Below.

With the fall season now at hand, when activities of every kind are taking on a busy turn, the women's clubs of Maryville are beginning their work for the club year of 1913-14. This means much more than many people would at first glance think, for the women's clubs are closely allied to the interests and needs of everyone in Maryville, often when it is least suspected. This is because the clubs are no longer merely a means for a social chat among the women, but are the occasion for the sound study and solution of the problems of the home, the school and the city. And especially is this true now, for, since the federation of the clubs here last spring, concerted and well directed work can now be had where formerly each organization worked in its own limited way. An outline, then, of the work of these clubs—the Twentieth Century, M. I. Circle, P. E. O., Mothers' Circle, D. A. R. and Federation—for the coming year will be of interest.

**Twentieth Century Club.**  
The Twentieth Century club is now the largest of the women's clubs of Maryville. Organized in 1906 with a limited membership it flourished as a club for the study of literature and travel. In 1907 it became a member of both the state and national federation of women's clubs. Then seeing the need of expansion, the club was reorganized in 1909 with two departments, Shakespeare and Tourist, and only last year the Music and Arts and Crafts departments were added. The membership is no longer limited, and the roster of active members numbers seventy-four.

All departments will meet in a re-assembling day September 16, in the rooms furnished by them in the Elks' clubhouse. After that there will be from five to six meetings of the different departments every month at the homes of the members, until the close of the year, May 28, 1914.

The Shakespeare department will make a critical study of the plays "Julius Caesar" and "As You Like It" this year. The meetings of this department are held on the second and fourth Tuesdays of every month. The officers are: Chairman, Mrs. Berney Harris; vice chairman, Mrs. John Cameron; secretary-treasurer, Miss Anna Dooley.

The Tourists will begin their second year's study of Germany. The history of the country, lives of its great men, statesmen, soldiers, artists and musicians, commerce and manufactures, social and political life will all be embraced in the programs for the year. The meetings of this department are held on the third Tuesday of the month. Its officers are: Chairman, Miss Mae Orear; vice chairman, Miss Helen Leffler; secretary-treasurer, Mrs. J. C. Allender.

The members of the department of music will study this year American music. The programs will consist of papers and discussions about the musicians and their works, piano and vocal selections by the members. An interesting joint meeting with the Shakespeare department is to be held January 13. The meeting day of the Music department is the first Monday of the month. Its officers are: Chairman, Mrs. Oliver Bovard; vice chairman, Miss Brownie Toel; secretary-treasurer, Mrs. Leslie Dean.

The Arts and Crafts department have a very interesting and varied program. They will study Indian art, Italian painting, laces and embroideries, Spanish, Flemish, Dutch, French and German art, oriental and American rugs, tapestry and furniture. This department meets the third Monday of each month. The officers are: Chairman, Mrs. Scribaer Beech; vice chairman, Miss Rena Sturm; secretary-treasurer, Mrs. Roy Collins.

During the year there will be five general conferences of departments, at which such questions as the improvement in children's education, eugenics—race improvement, heredity and environment, personal and sex hygiene; and the peace movement will be discussed.

Some of the things which the Twentieth Century club has accomplished are:

The Thomas fund, for the care of Mrs. Thomas previous to her death and for her burial.

The remainder of the Thomas fund was used to incorporate a Humane society in Maryville, for the purpose of procuring the Ensign drinking fountain, which was installed in July, 1910.

The club women helped to furnish the Elks' tea rooms.

Ten dollars were given to the hospital elevator fund.

Fifty dollars were given to the widow of the Rev. Hathaway.

Sanitary drinking cups were placed in the ward schools.

Flower seeds were distributed among the school children and prizes offered for the prettiest beds and neatest yards.

A tin can day was instigated which caused a general clean-up of Maryville.

The club officers for 1913-14 are: President, Mrs. D. J. Thomas; first vice president, Mrs. W. A. Rickenbrode; second vice president, Mrs. F. G. Shoemaker; recording secretary, Mrs. P. M. Townsend; corresponding secretary, Mrs. J. D. Richey; treasurer, Mrs. S. G. Gillam; custodian, Mrs. L. E. Dean; auditor, Mrs. J. C. Allender.

## JOHN BASSETT MOORE.

White House Hastened To Deny Rumor That He Was About To Resign.

© 1913, by American Press Association.

The White House denied emphatically that John Bassett Moore, counselor of the state department and regarded as America's foremost authority on international law and diplomatic precedents, is to resign. The president said there was no truth in the report. The rumors of his resignation arose when he left Washington for a month's vacation. Mr. Moore served the Taft administration as counselor, and it was only after President Wilson brought the strongest kind of personal pressure to bear did he consent to accept the post under the new regime.

Mr. Rowley is a good business man, who has been well and favorably known in Maryville for years. Since being with the bank his genial personality and close application to business has won many new friends for the bank. The promotion is a well deserved recognition of his ability which will bring much pleasure to his many friends.

Mrs. R. E. Hamilton and children left Tuesday morning for a visit of two or three weeks in Kirksville. They were accompanied on their visit by Mrs. Hamilton's mother, Mrs. M. J. McMurry.

## LEAVES SUDDENLY

H. R. HANCOCK HAS BEEN MISSING SINCE LAST WEDNESDAY.

## WRITES FROM OMAHA

Letter Received by his Wife—Intimates of Suicide—Thinks Business Worries Cause of Trouble.

H. R. Hancock, who came to Maryville as manager of the Field-Lippman piano store about a year and a half ago, has been missing since last Wednesday. The only word that has come from him is a letter, postmarked Omaha, which Mrs. Hancock received Thursday, in which he expressed an intent to commit suicide. The only reason that can be given for his actions are business worries. C. F. Lippman, sales manager of the Jesse French Piano company of St. Louis, and one of the owners of the Field-Lippman store, and A. Hoffman, auditor of the company, came to Maryville from St. Louis and have been going over the accounts of the business here. They have found no shortage in any of the accounts so far and think the business is in good shape.

According to the story Mrs. Hancock told a representative of The Democrat-Forum this morning, Mr. Hancock had been worrying for some time over private business matters, and she thinks he has become mentally unbalanced.

Wednesday evening he came home to supper, but could eat nothing, saying that he was not feeling well. He asked his wife to go to the store with him that evening and then on to services at the First Church of Christ, Scientist, of which they are members. Mrs. Hancock went to the store before he was ready to leave home. Shortly after she had arrived there he telephoned her that he must go to Ravenwood and would write her the next day. Thursday she received a letter which he had written in Omaha, and in it he said:

"I will be dead when this reaches you; my usefulness in life is past."  
Nothing has been heard of him since. Mrs. Hancock does not believe he has committed suicide, and thinks she will hear from him again.

In speaking of Mr. Hancock's business troubles, Mrs. Hancock said that some time ago he received a letter from the St. Louis office saying that the business here would be closed, but that Mr. Hancock could retain his headquarters in Maryville and travel over this territory. This he took as a step toward his dismissal, Mrs. Hancock said, and he thought he would soon be without an income and unable to meet some debts. This, she thinks, has unbalanced his mind temporarily and caused him to leave.

When asked about this letter and the probability of the store here being closed, C. F. Lippman said he knew nothing of either. He said that the store here has always been a paying investment and he knew of no plan to discontinue the business here. He thinks Mr. Hancock misconstrued the meaning of the letter.

"Mr. Hancock was a hustler and left the business in good condition so far as we have been able to determine. I can see no reason for his leaving," he added.

Mr. Hancock was treasurer of the Christian Science church, and the church board is making an examination of the church's accounts. A meeting for this purpose was to have been held Wednesday night, but was deferred because of the absence of Mr. Hancock. The board has declined to make any statement of finances of the church until all of the accounts have been audited.

Mrs. Hancock is going to sell her household goods as soon as possible, and she, with her daughter, will go to Kansas City.

Mr. Hancock began his work with the Field-Lippman company here. Previous to that he had been working in the south, while Mrs. Hancock remained in their former home in Boston. When he took his position with the Field-Lippman company a year and a half ago, he sent his wife word to meet him in St. Louis, and together they came here.

**THE NORMAL OPENING.**

The State School Will Commence Its Fall Term on Monday, September 15.

The State Normal of this city will open on Monday, September 15, being the beginning of the fall term. The indications are that there will be a big enrollment.

Jim Frum of Clyde was a city visitor Tuesday.

## SCHOOL TO START MONDAY.

As the Water Situation is Much Better, the Opening Will Be Then.

The city schools will open on next Monday, September 15, so the school board has decided. The decision of the board was made after conferring with the board of public works in regard to the water situation, and finding that the water supply is sufficient.

School was put off for one week on account of the shortage of water and the hot weather. However, the week will probably be made up during the Christmas holidays. School was to have opened on September 8.

Superintendent W. W. Westbrook will be at his office in the Central school building during this week after 9 o'clock in the morning, and anyone wanting information in regard to school matters are requested to call. A teachers' meeting of the entire school faculty will be held on Saturday afternoon at 2 o'clock.

## THE DROUTH ENDS.

A Little Rain Tuesday Morning, But More is Expected—Cool Temperature, Too.

The drouth has been broken and there have been rains over Missouri, Kansas, Oklahoma and Nebraska and Illinois. In Maryville and Nodaway county, a light shower was had Tuesday morning. The condition of the weather also showed that more rain may be expected in the near future.

Cloudy weather was had Tuesday and the day was very pleasant, and it seemed certain that no protracted heat wave will visit this section of the country again this year.

## WAS GOING TO SHOOT.

"Smoky" Schooling Pulls Gun on George Williams at Heller's Saloon.

"Smoky" Schooling, colored porter at Strong's barber shop, on North Main street, pulled a gun on George Williams at Heller's saloon on Monday evening. "Smoky" was prevented from shooting by a number who were in the saloon at the time. Williams, who is a colored porter at the Pearce barber shop, has had difficulties with "Smoky." Schooling was arrested and is in the county jail. He is charged with assault with intent to kill and carrying concealed weapons.

## FUNERAL ON WEDNESDAY.

Services for Wilbur Curnutt Will Be Held at That Time at Residence.

The funeral services of Wilbur Curnutt, the 10-year-old son of Mr. and Mrs. John Z. Curnutt, who died Monday afternoon, will be held at the family residence, 403 West Second street, at 2 o'clock Wednesday afternoon. The S. Cox, pastor of the First M. E. church, will be conducted by Rev. G. church. The body will lie in state at the home from 10 a. m. to 12 m. Burial will take place in Miriam cemetery.

Mrs. Vilas Martin and daughter left Monday afternoon for Lake Geneva, Wis., for a visit with Mrs. Martin's parents.

## MISS RUTH LAW.

Woman Aviator Who Made A Record Flight With Two Passengers at Garden City.

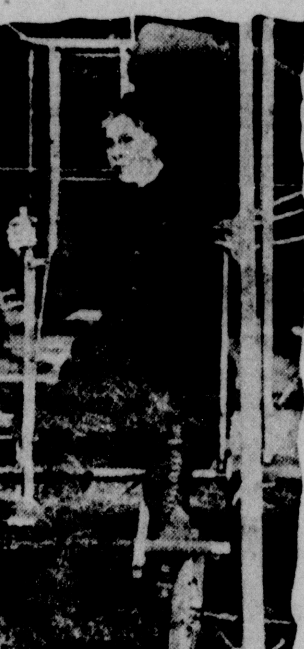

Photo by American Press Association.

Miss Ruth Law, sister of Rodman Law, the aeronaut, in a biplane, carrying Mrs. Richard R. Sinclair and Miss Pearl McGrath, made what was probably a world's record flight for a woman aviator carrying passengers at Garden City, N. Y. She made a flight of about ten minutes' duration at an altitude of about 500 feet.

## PLAN BIG THINGS

THE FALL FESTIVAL TO HAVE GOOD ATTRACTIONS.

## AIRSHIP FLIGHTS DAILY

Will Try to Secure Competent Aviator—A Horse Show and Ball Games Also Planned.

Great things were planned for the Fall Festival, October 8, 9, 10, at a meeting of the directors of the Commercial club Monday. The attractions they are going to bring here then will make those three days the biggest three days of amusement ever seen in Maryville. Here are some of the things they are trying to arrange for:

Aeroplane flights every day. These flights will be different from any ever seen around here, for they will be accompanied with thrills. An effort is being made to secure a competent aviator who can do stunts. If possible they will get a man who will go up with the aviator and make a parachute drop from the aeroplane. This is the latest thing in aviation. The parachute is specially designed for this purpose. It is strapped to the man's shoulders and makes a very small roll. When the man jumps clear of the machine to make his drop, he pulls a string which unloosens the roll and the parachute unfolds.

A horse show is planned for one day. Liberal prizes will be given for horses, mules and colts.

An extra effort is being made to get two professional ball teams here for a game, and a contest among the bands of the county is being arranged.

## ICE DELIVERIES TOMORROW.

Wm. Everhart Has Good Supply of Ice—Asks People to be Saving—Water Supply Good.

William Everhart will start his ice wagons on the residence routes tomorrow morning. He has been making ice for two or three days now, and he has been assured water service tonight so he can keep the plant running all night. He asks, however, that the people be as saving with ice as possible and not to buy any larger quantities than necessary.

The water service is very favorable now. Water was turned on yesterday, all of last night, and has been on all day today. The supply of water that is now in sight makes it look as if continuous service can be given most of the time now.

In addition to this, the board of public works is making preparations to have test wells dug on the property at the water plant. A man to do this work has been sent for.

With the prospect of rain, a new danger threatens. The new dam is in no condition to withstand a big rain. Men are working night and day to push the work past the danger point. About two feet more of excavation is necessary before the clay bed on which the dam will be built is reached. Engineer Flynt said this morning that the concrete work could not begin until next week.

#### JEFFERSON CITY LETTER.

(From Democratic Press Bureau.)

A little while ago standpat Republicans were throwing fits because they asserted the tariff bill discriminated against farmers in that wheat and corn were placed on the free list, along with everything the farmer buys to run his farm. My, how the standpatters sympathized with the farmers! No sooner was it proposed in the administration currency bill to permit country banks to lend money on farm mortgages, then the sympathetic sob ended with a gulp, and every mother's son of the standpatters opposed the scheme. Which, of course, proves that the whole standpat tear for the farmers was a crocodile globule glistening to fool the simple. The average standpat Republican has about as much love for the farmer as the devil has for holy water.

In the light of the obstructive tactics used by the standpat members of congress to delay the passage of the tariff and currency bills it is evident that G. O. P. stands for "Great Obstructive Party." The Democratic party today is the progressive, constructive party and the remnant of the Republican party is simply "against" everything that moves forward under the sun.

President Wilson bulks large against the horizon of statesmen when he stands out against the jingoes who would plunge this country into war with Mexico. Why should the United States whip Mexico at a frightful cost of millions of money and the flower of American manhood? What is to be gained by such a resort to arms? Who will answer?

The tariff bill should have been enacted by July 1st and the currency bill by August 1st. The reason both measures are still pending before congress is because of the obstructive tactics of the standpat Republican members of congress. Their dilatory tactics are keeping business unsettled and preventing the policies of the Wilson administration from becoming operative. The Republican party is opposed to all progressive policies—its only mission on earth is to stand pat. The live, progressive element of the party left in disgust at Chicago and followed the star of Roosevelt into a new party. What remains of the old hulk is as dead to the progressive spirit of the twentieth century as Pharaoh's mummy.

Game Warden Jones is lining up his forces and will do some real game conserving just as soon as he can replenish the game exchequer which Jess Tolerton swamped with a four thousand dollar deficit. About the only thing any Democrat inherited from the various state departments in control of Hadley Republicans during the past four years was a deficit. In fact, deficit is the given name of the Hadley regime.

"The Democrats can't stand the prosperity of being in power." You have heard that before, but the question is are you, as a Democrat, doing

anything to make it true? Are you a bell raiser, or harmony producer?

The Progressive Republican party has come to stay. It is made up of four million freemen who refuse to follow the flag of standpatism. You had as well try to mix oil and water as to stir up a progressive and standpat Republican in the same kettle. And it's the progressive party which will have to contend in Missouri in the future. The sooner the Democratic party realizes this fact and forms its battle line accordingly the better it will be for the party of the people.

A horse sold at Paris, Mo., for \$10,000 the other day; mule colts are selling for \$200 per head; a man in Jackson county sold a trio of chickens for \$1,500 last week; a Nodaway county farmer sold a single porker for \$61.95 recently; a cow sold for \$275 at Joplin last month—just an every-day milch cow; an Audrain farmer sold a load of yearling steers for more than \$100 per head; a Greene county farmer paid \$1,600 for four 3-year-old draft fillies; corn is selling at 75 cents per bushel and potatoes at \$1.25 per bushel. Where is the ape who said the election of Wilson meant \$25 horses, 2-cent pork, \$15 cows, 25-cent corn and a like low price for all farm products?

#### TO REPRESENT THE COUNTY.

Ralph Palmer, 15-Year-Old Boy, to Attend State Fair at Sedalia, Mo.

Ralph Palmer, aged 15 years, will be Nodaway county's representative to the State Fair at Sedalia, Mo., September 28 to October 3, to attend the boys' state fair school during that week. The young man is a pupil of the Rockford school, which is taught by Miss Hazel Masters. He was the only boy to take the examination for the place. His expenses will be paid by the Commercial club of this city and also by the state fair association.

It gives me much pleasure to commend the Stoddard Library, by John L. Stoddard. I consider it a valuable work for every home, especially for those where the parents and children have a keen desire for education and entertainment, and for the best thoughts in the best works of the finest minds of the world's history.

Any work by John L. Stoddard is deserving of careful consideration, but in the Stoddard Library I believe the author has accomplished his greatest good.—Wm. M. Hyman, Principal Woodland High School, Woodland, Cal.

#### Rapfords Succeeds Hoover.

Rev. C. O. Ransford, who was appointed as pastor of the M. E. church, South, at Ravenwood and Guilford by the Southern Methodist Conference at St. Charles, Mo., has been pastor at Keytesville, Mo. He is a very able man. Rev. S. E. Hoover, who has been the pastor of these churches for the past year, goes to Agency, Mo.

The Stoddard Library, now being introduced here, should be in every home, and the introductory price now being offered makes it possible for all to own this valuable work. Like his famous lectures, it defies criticism, and like his lectures, too, the introductory price is offered but once in any locality. This week closes the introductory sale here.

Riley Dakan of southwest of Maryville returned last week from Oneida, S. D., where he had been two weeks visiting his son, Justin Dakan. He says his son has good potatoes and good corn, but his wheat and oats were not much good.

#### Celebrated Birthday Anniversaries.

Sunday was the birthday anniversary of Mrs. Jos. Yeager and Mrs. John Linville, so the neighbors gathered at the home of Mrs. Yeager, nine miles southwest of Maryville, and gave them a genuine surprise. At the noon hour a sumptuous dinner was served from well filled baskets and from the amount of eatables on the table one was loth to believe that this portion of Nodaway county was in the grip of the severest drouth known to the oldest inhabitant. Over fifty guests were present among whom were Mr. and Mrs. J. Clouse, Mrs. and Mrs. John Linville, Mr. and Mrs. Lester Linville and son, Lee Douglas, Mr. and Mrs. Chas. ## JEROME IS ACQUITTED

New York Attorney is Honorably Discharged.

### CROWD STAMPS AND HISSES.

Cat Calls Drown Subdued Outburst of Cheering—"Saves Me \$250," Says Thaw When He Hears of Case Against Opponent Being Dismissed.

Coaticook, Que., Sept. 9.—William Travers Jerome was acquitted of the charge of having gambled on Thursday last on the station property of the Grand Trunk railway while waiting for the immigration authorities to pass on the case of Harry K. Thaw. In discharging him the court apologized for the humiliation to which he had been subjected.

The hearing before Magistrate Mulvena of Sherbrooke lasted less than an hour. At its conclusion the court said: "Sir, you are honorably discharged."

When acquitted Mr. Jerome thanked the court, spoke flatteringly of his reception in Canada and added that he did not attribute his arrest and brief imprisonment last week to the thinking people of the Dominion. He took a late train from Coaticook for New York and will return to Montreal for the arguments on the latest Thaw habeas corpus writ to be held before the king's bench at Montreal, Sept. 15.

#### Hisses and Cat Calls.

There was a subdued outburst of cheering when Jerome sat down, but the cheers were drowned by hisses and cat calls.

Harry Thaw, in the detention room over the railway station, heard the news of his old opponent's acquittal almost immediately.

"That's good," he said. "It saves me \$250."

This remark referred to the fact that Thaw had offered to make good any loss sustained by Andre Reussseau, a local hotelkeeper, and one of the two sureties on Jerome's \$500 bond.

#### May Delay Thaw Case Two Years.

Ottawa, Ont., Sept. 9.—Dominion officials here foresee a delay of possibly two years before final decision of the Thaw case. The litigation in their opinion undoubtedly will be carried through the Dominion courts to the privy council in England, where the final verdict will be written. Until this verdict is given, the immigration officials believe the courts will not permit the deportation of Thaw and he will remain on Canadian soil. The journey of the action through the courts to the privy council is a long one.

### DISCUSS WORK IN PALESTINE

Letter From Brandeis Is Read at Zionist Congress in Vienna.

Vienna, Sept. 9.—The Zionist congress discussed the committee's report on the work accomplished in Palestine in the last two years.

A letter was read from Louis D. Brandeis of Boston, suggesting that the congress devote its energies to the work along three lines:

First, an endeavor to divert Jewish emigration to Palestine; second, negotiations with the Turkish government for large concessions; third, an endeavor to interest capital in the creation of industries in Palestine.

#### Mrs. Pankhurst May Be Excluded.

Washington, Sept. 9.—Before Mrs. Emmeline Pankhurst, leader of the British militant suffragettes can be admitted to the United States in October, the time set in the latest announcements for her coming, the immigration authorities will decide whether any of the acts for which she has been imprisoned in England constitute moral turpitude within the meaning of the law and make her an undesirable alien. She will be detained at whatever port she lands, but whether eventually she may be permitted to enter cannot be foretold.

#### Charlton Cannot Secure Attorney.

Como, Italy, Sept. 9.—Porter Charlton, the American who soon is to stand trial for the murder of his wife, has not succeeded in securing the services of counsel to conduct his case. Deputy Camera, when in the United States recently, was urged by Charlton's friends to undertake his defense. Camera has not yet accepted the task, but in the meantime, not willing to leave Charlton without assistance, he asked the judge at Como to allow him to confer with the prisoner.

#### Urges Parsons to Cut Out Tobacco.

St. Charles, Mo., Sept. 9.—Bishop E. B. Hoss of the Methodist Episcopal church, south, urged ministers attending the Missouri conference of that church here to refrain from the use of tobacco in any form, and he characterized total abstinence from the weed as one of the distinguishing marks of a gentleman. While he was speaking, several preachers were smoking on the lawn in front of the church in which the conference was held.

"Father of Cash Wheat Buying" Dead. Minneapolis, Sept. 9.—James Marshall, aged seventy-eight years, known as the "father of cash wheat buying," and former president of the local chamber of commerce, died at his home at Lake Minnetonka.

## TRANSPORT BUFORD GOES FOR REFUGEES

Sails Under Red Cross Flag for Mexican Ports.

San Francisco, Sept. 9.—The army transport Buford sailed to gather up Americans in peril on the west coast of Mexico.

The vessel is in charge of Charles Jenkinson, special representative of the state department. It flies the Red Cross flag, as it is believed the ship will be better able to perform its relief work under that banner, owing to the present temper of Mexicans, than under the American flag.

The Buford, it is thought, will bring back between 500 and 1,000 Americans who desire to leave Mexico and probably a second trip will have to be made to accommodate all who wish to get away.

The trip is expected to last from four to six weeks. The first stop will be made at Manzanillo, Sept. 15.

#### Huerta Keeps Promise Made.

Vera Cruz, Sept. 9.—Provisional President Huerta apparently meant all he said when he declared that the Mexican government would furnish first class transportation for American refugees. It was announced here that Americans may secure money sufficient to pay the difference between the first class passage and that provided by the United States government through W. W. Canada, the American consul at Vera Cruz.

## WILLARD HELD FOR MURDER

Eleven Others Are Bound Over to Superior Court.

### THEY FACE OTHER CHARGES.

Allegations of Prize Fighting Against Accused Twelve—Bonds of \$5,000 for Principal and \$1,500 for Rest Left Unchanged.

Los Angeles, Sept. 9.—Jess Willard, as principal; Thomas McCarey, as promoter, and ten others, interested in the fatal Willard-Young fight at the Vernon arena on Aug. 22, were held to the superior court, charged with murder in the second degree.

The decision was rendered by Justice Summerfield at Vernon, before whom the preliminary hearing of the accused men was held. Those held to the higher court besides Willard and McCarey are: Al Greenwald, promoter; Tom Jones, Willard's manager; Harry Gilmore, Jr., Young's manager; Al Harder, timekeeper; Charles Eytan, referee; Walter Monahan, John Davies, Charles Anslinger, James Cameron and Eddie Webster, seconds.

In addition to the charge of murder in the second degree, charges of prize fighting rest against the accused twelve. The bonds of \$5,000 for Willard and \$1,500 for each of the others were left unchanged.

In the hearing just ended, counsel for the defendants made a futile attempt to prove that the death of John Young, following the knockout scored by Willard, was not caused by a blow, but by a wound on the brain inflicted accidentally by one of the surgeons who operated upon the injured fighter's skull. The prosecution, on the other hand, succeeded in having the twelve men held for trial on the murder charge, instead of the original charge of simple manslaughter placed against them.

### TERRORIZED BY CATTLEMEN

Armenian Claims Father Driven From Home in Nebraska.

Lincoln, Sept. 9.—Charging that the big cattlemen of Grant county had terrorized and driven from his home his aged father, Morris Casper, a young Armenian, came to Lincoln to search for his parent, whom he says came either here or to Omaha. Young Casper, who is Americanized, says his parent, who arrived from Armenia but a year ago, is unable to talk English and was easily frightened by the cattlemen. His father, he says, was visited by a number of herders a few days ago, who told him he must either leave them his homestead or leave the country. They bought the elder Casper a ticket either to Omaha or to Lincoln, and told him to leave and not return if he valued his life, the son avers. Not finding his father here, the son left for Omaha to continue the search.

### ROADS TO MAKE DEMAND

Washington, Sept. 9.—Proposed advances of 5 per cent in freight rates on all commodities, except grain and coal, will be submitted to the interstate commerce commission about the middle of next month by the fifty-two railroads operating in the east.

The proposed changes will be based upon the present first class rate between New York and Chicago, the increase being 5 per cent flat. It is understood no determination has been reached as to new rates on coal and grain.

### Ready for Final Vote on Tariff Bill.

Washington, Sept. 9.—The senate will vote finally on the Democratic tariff bill this afternoon at 4 o'clock. Democratic lines in the senate stood solidly against the final onslaught of the tariff fight. With party leaders urging their colleagues on to approval of the bill, the ranks closed up against the anti-free wool and anti-free sugar forces and defeated all amendments to the bill as fast as they came to the vote. Among the amendments defeated was that of Senator Norris for a heavy tax on inheritances. This was beaten, 58 to 12.

### School Will Be Held in County Jail.

San Francisco, Sept. 9.—With the co-operation of the board of education, school will be opened this afternoon at the San Francisco county jail. ## REPUBLICAN WINNER IN MAINE DISTRICT

Peters Chosen to Fill Vacancy in Third Congressional.

Portland, Me., Sept. 9.—Speaker John A. Peters (Rep.) of Ellsworth was chosen to fill the vacancy in the Third congressional district by a plurality of 553 over Mayor William A. Pattangall (Dem.) of Waterville, with Edward M. Lawrence (Prog.) of Lubec a poor third in the race.

Returns in this special election from all but a small island plantation gave: Peters, 15,106; Pattangall, 14,553; Lawrence, 6,697.

The vote for president in November was: Wilson, 14,692; Roosevelt, 13,236; Taft, 7,159.

The Progressive vote showed a falling off of about 50 per cent from that given Colonel Roosevelt last November. On the other hand the Peters' vote was 108 per cent greater than the Taft vote, while the Pattangall and Wilson vote showed very little variation.

## HIS TROUBLE NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Afflictions.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.

## WANTED THE MARKET PRICE

Cattle Dealer, Unfamiliar With Chameleons, Put Only Question That Occurred to Him.

Representative Phil Campbell of Kansas is the proud father of a young daughter who likes unusual pets. In her young life she has lavished affections on all sorts of queer pets, her latest acquisition being a chameleon—one of those tiny reptiles which assumes the color of any article on which they are placed. The chameleon has a tiny gold chain about its neck, and at the other end of the chain is a pin, that it may be attached to one's waist.

Not long ago one of Campbell's constituents, a cattle dealer, with scarcely an interest in the world outside of live stock, came to Washington and called at the Campbell home. Mrs. Campbell was out, and Campbell himself was in the tub at the time, so the young daughter, with the chameleon pinned to her waist, marched into the parlor to entertain the visitor.

Conversation went along fairly well for a moment. Then the cattle-dealing constituent noticed the chameleon, and watched it with fascinated eyes. For a full minute he was silent. Then he pointed a fat forefinger and demanded:

"Where on earth did you get that thing?"

The young daughter smiled and stroked the chameleon's back with a loving finger.

"Oh," she replied. "I bought it." The cattle dealer was silent for another minute. Then he spoke again.

"Bought it," he repeated, wonderingly. Then he leaned far over in his chair. "Say," said he earnestly, "tell me. How much is lizards a head, anyhow?"

## WAR'S EFFECT ON STATURE

Conquests Achieved by Napoleon Lowered the Average Height of a Frenchman.

It may be stated with confidence that the average height of the men of France began notably to decrease with the coming of age, in 1813 and after, of the young men born in the years of the revolutionary wars (1792-1802), and that it continued to decrease in the following years with the coming of age of the youths born during the wars of the empire, writes Vernon L. Kellogg in the Atlantic Monthly.

Soon after the cessation of these terrible man-draining wars, for the maintenance of which a great part of the able bodied male population of France had been withdrawn from their families and the duties of reproduction, and much of this part actually sacrificed, a new type of boys began to be born. These boys indeed had in them an inheritance of stature that carried them by the time of their coming of age in the 1830s and 1840s to a height one inch greater than that of the earlier generations born in war time.

### New Trousers Every Week.

A new pair of trousers every week! To think of that is to think of E. Berry Wall, King Alfonso, Alfred Vanderbilt or old John D.

But, as a matter of fact, not even Berry Wall, not even Alfonso, not even John D. himself, is extravagant enough to purchase, every week of life, a new pair of trousers. No, there is only one class of men in the world who indulge in such luxury, and these men are ordinary, unskilled laborers. They are, in a word, bleach packers.

Bleaching powder is worse than moths for eating up clothes, and a bleach packer's new trousers, the very first day of wear, will reveal eight or nine holes as big as dimes. By the end of the week the trousers are all holes—that is, they are consumed—and the packer must either buy a new pair or work in a barrel.

### Artificial Marble.

A citizen of Reichenberg, Bohemia, has invented a process for producing a substitute for all classes of marble, including the most highly prized Italian, Egyptian and Salzburg marbles. The claim is made that this product is superior to genuine marble, being stronger, more substantial, and less liable to crack or damage, and that especially in working, boring, or in installation work the danger of injury is much less than with real marble, while it costs only one-third as much. This artificial marble is made partly by hand and partly by machine. The cutting and polishing is done by machinery, the process being already in operation in Vienna, Berlin, Mannheim and Hamburg.

### Wet or Dry?

A waitress in a Fleet street restaurant is telling this story of a man from Lancashire who was apparently up in London for a few days' holiday.

"Han you' one ginger ale?" he asked.

"Yes, sir," replied the waitress; then uncertain whether he wanted it "sweet" or "dry," she asked: "Would you like 'dry' ginger ale, sir?"

"Nay, I want nowt dry!" he roared. "Ah'm dry eno' mysen! I want it weet—as weet as yo've got it!"—London Tit-Bits.

### Wireless to Aid Police.

A very complete wireless system is being established throughout the Canadian northwest, which will be of great value for scientific purposes and also to the northwest mounted police. A plant costing \$100,000 is about being established at LePas, Manitoba, with a 150-foot mast. This town is the southern terminus of the Hudson Bay railway. Other plants throughout the far northwest will be established at an early date.

## THE DEATH OF ELIAS PITTMAN.

Was in the Grocery Business Here for Twenty-Six Years—Died at El Dorado Springs, Mo.

The following account of the death of Elias Pittman, on August 27, 1913, is taken from the El Dorado Springs (Mo.) Sun:

After a long and painful illness, which he endured with uncomplaining fortitude, the spirit of E. Pittman, an old citizen of this place, and a man who, in the prime of his young manhood, took up a musket and went to the front as a soldier to preserve the integrity and the indissolubility of the Union, took its flight on August 27th to that unknown country from which no traveler returns. While plain and unassuming, Mr. Pittman was nevertheless a man whose many sterling qualities of citizenship made him a useful member of society; and it will be a source of great comfort to his surviving relatives to know that he has left behind him a name that is a synonym for honesty; and an example of life that will be an incentive and an inspiration to others to aspire to the loftiest achievements of good citizenship.

The funeral services of the deceased which were impressively conducted by Elder Charles G. Keely, pastor of the First Christian church took place at the home of the deceased on August 29th, after which the remains were laid to rest in the city cemetery.

The deceased is survived by a wife and two sons, Earl and Harold Pittman, and by four brothers and one sister, who reside in other states.

Mr. Pittman was born in Savannah, Mo., on February 9, 1845. He was in the civil war. He came to Maryville and was in the grocery business here for twenty-six years. He moved to El Dorado Springs from Maryville in 1899.

### CAMPAIGN IS PROGRESSING.

Many New Members Being Secured—One Team to Meet Tonight and the Other One on Wednesday.

The two teams in the Commercial club's campaign for 500 members are running neck and neck in their efforts to outdo each other. H. L. Raines' team will meet at the Ream hotel at 7 o'clock tonight for their campaign. Tomorrow night W. M. Oaker-son's team will meet at the Linnville hotel at 6:30 for a similar purpose.

### Filed First Papers.

Frank Paul Feurer, who is working at Conception, filed his declaration of intention to become an American citizen on Tuesday in Circuit Clerk Rath-bun's office. He is 21 years old and was born in Rebsstein, Switzerland. He came to this country on October 18, 1910, on the ship Finland. He will not receive his last papers until five years from the date of the landing, or in 1915.

A marriage license was issued Tuesday by Recorder Wray to Burley C. Gray and Leila Oliphant, both of Pickering.

### THE WORD HELL.

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the TOMB, the GRAVE, the STATE OF DEATH. It affects to show that man was not redeemed from a far-off place of eternal torture, but that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

## CLUBS BEGIN WORK

WOMEN'S CLUBS OF MARYVILLE MEAN MUCH TO CITY.

## WILL WORK TOGETHER

An Outline of Their Work—The Names of the Members and Officers Are Given Below.

With the fall season now at hand, when activities of every kind are taking on a busy turn, the women's clubs of Maryville are beginning their work for the club year of 1913-14. This means much more than many people would at first glance think, for the women's clubs are closely allied to the interests and needs of everyone in Maryville, often when it is least suspected. This is because the clubs are no longer merely a means for a social chat among the women, but are the occasion for the sound study and solution of the problems of the home, the school and the city. And especially is this true now, for, since the federation of the clubs here last spring, concerted and well directed work can now be had where formerly each organization worked in its own limited way. An outline, then, of the work of these clubs—the Twentieth Century, M. I. Circle, P. E. O., Mothers' Circle, D. A. R. and Federation—for the coming year will be of interest.

### Twentieth Century Club.

The Twentieth Century club is now the largest of the women's clubs of Maryville. Organized in 1906 with a limited membership it flourished as a club for the study of literature and travel. In 1907 it became a member of both the state and national federation of women's clubs. Then seeing the need of expansion, the club was re-organized in 1909 with two departments, Shakespeare and Tourist, and only last year the Music and Arts and Crafts departments were added. The membership is no longer limited, and the roster of active members numbers seventy-four.

All departments will meet in a re-assembling day September 16, in the rooms furnished by them in the Elks' clubhouse. After that there will be from five to six meetings of the different departments every month at the homes of the members, until the close of the year, May 28, 1914.

The Shakespeare department will make a critical study of the plays "Julius Caesar" and "As You Like It" this year. The meetings of this department are held on the second and fourth Tuesdays of every month. The officers are: Chairman, Mrs. Berney Harris; vice chairman, Mrs. John Cameron; secretary-treasurer, Miss Anna Dooley.

The Tourists will begin their second year's study of Germany. The history of the country, lives of its great men, statesmen, soldiers, artists and musicians, commerce and manufactures, social and political life will all be embraced in the programs for the year. The meetings of this department are held on the third Tuesday of the month. Its officers are: Chairman, Miss Mae Orear; vice chairman, Miss Helen Leffler; secretary-treasurer, Mrs. J. C. Allender.

The members of the department of music will study this year American music. The programs will consist of papers and discussions about the musicians and their works, piano and vocal selections by the members. An interesting joint meeting with the Shakespeare department is to be held January 13. The meeting day of the Music department is the first Monday of the month. Its officers are: Chairman, Mrs. Oliver Bovard; vice chairman, Miss Brownie Toel; secretary-treasurer, Mrs. Leslie Dean.

The Arts and Crafts department have a very interesting and varied program. They will study Indian art, Italian painting, lace and embroideries, Spanish, Flemish, Dutch, French and German art, oriental and American rugs, tapestry and furniture. This department meets the third Monday of each month. The officers are: Chairman, Mrs. Scribner Beech; vice chairman, Miss Rena Sturm; secretary-treasurer, Mrs. Roy Collins.

During the year there will be five general conferences of departments, at which such questions as the improvement in children's education, eugenics—race improvement, heredity and environment, personal and sex hygiene, and the peace movement will be discussed.

Some of the things which the Twentieth Century club has accomplished are:

The Thomas fund, for the care of Mrs. Thomas previous to her death and for her burial.

The remainder of the Thomas fund was used to incorporate a Humane society in Maryville, for the purpose of procuring the Ensign drinking fountain, which was installed in July, 1910.

The club women helped to furnish the Elks' tea rooms.

Ten dollars were given to the hospital elevator fund.

Fifty dollars were given to the widow of the Rev. Hathaway.

Sanitary drinking cups were placed in the ward schools.

Flower seeds were distributed among the school children and prizes offered for the prettiest beds and neatest yards.

A tin can day was instigated which caused a general clean-up of Maryville.

The club officers for 1913-14 are: President, Mrs. D. J. Thomas; first vice president, Mrs. W. A. Rickenbrode; second vice president, Mrs. F. G. Shoemaker; recording secretary, Mrs. F. M. Townsend; corresponding secretary, Mrs. J. D. Richey; treasurer, Mrs. S. G. Gilliam; custodian, Mrs. L. E. Dean; auditor, Mrs. J. C. Allender.

The members of the Twentieth Century club are: Mrs. J. C. Allender, Mrs. Earl Baker, Mrs. J. E. Bailey, Miss Laura Barmann, Miss Bertha Beal, Mrs. S. R. Beech, Mrs. Charles Bellows, Miss Clara Bellows, Mrs. George Bellows, Miss Cecil Benight, Mrs. R. C. Benight, Mrs. Oliver Bovard, Miss Marie Brink, Mrs. J. E. Cameron, Mrs. W. H. Carpenter, Mrs. G. White House Hastened To Deny Rumor That He Was About to Resign.

© 1913, by American Press Association.

The White House denied emphatically that John Bassett Moore, counselor of the state department and regarded as America's foremost authority on international law and diplomatic precedents, is to resign. The president said there was no truth in the report. The rumors of his resignation arose when he left Washington for a month's vacation. Mr. Moore served the Taft administration as counselor, and it was only after President Wilson brought the strongest kind of personal pressure to bear did he consent to accept the post under the new regime.

Since being with the bank his genial personality and close application to business has won many new friends for the bank. The promotion is a well deserved recognition of his ability which will bring much pleasure to his many friends.

## MEETING LEAVES SUDDENLY

H. R. HANCOCK HAS BEEN MISSING SINCE LAST WEDNESDAY.

## WRITES FROM OMAHA

Letter Received by his Wife—Intimates of Suicide—Thinks Business Worries Cause of Trouble.

H. R. Hancock, who came to Maryville as manager of the Field-Lippman piano store about a year and a half ago, has been missing since last Wednesday. The only word that has come from him is a letter, postmarked Omaha, which Mrs. Hancock received Thursday, in which he expressed an intent to commit suicide. The only reason that can be given for his actions are business worries. C. F. Lippman, sales manager of the Jesse Fréché Piano company of St. Louis, and one of the owners of the Field-Lippman store, and A. Hoffman, auditor of the company, came to Maryville from St. Louis and have been going over the accounts of the business here. They have found no shortage in any of the accounts so far and think the business is in good shape.

According to the story Mrs. Hancock told a representative of The Democrat-Forum this morning, Mr. Hancock had been worrying for some time over private business matters, and she thinks he has become mentally unbalanced.

Wednesday evening he came home to supper, but could eat nothing, saying that he was not feeling well. He asked his wife to go to the store with him that evening and then on to services at the First Church of Christ, Scientist, of which they are members. Mrs. Hancock went to the store before he was ready to leave home. Shortly after she had arrived there he telephoned her that he must go to Ravenswood and would write her the next day. Thursday she received a letter which he had written in Omaha, and in it he said:

"I will be dead when this reaches you; my usefulness in life is past."

Nothing has been heard of him since. Mrs. Hancock does not believe he has committed suicide, and thinks she will hear from him again.

In speaking of Mr. Hancock's business troubles, Mrs. Hancock said that some time ago he received a letter from the St. Louis office saying that the business here would be closed, but that Mr. Hancock could retain his headquarters in Maryville and travel over this territory. This he took as a step toward his dismissal, Mrs. Hancock said, and he thought he would soon be without an income and unable to meet some debts. This, she thinks, has unbalanced his mind temporarily and caused him to leave.

When asked about this letter and the probability of the store here being closed, C. F. Lippman said he knew nothing of either. He said that the store here has always been a paying investment and he knew of no plan to discontinue the business here. He thinks Mr. Hancock misconstrued the meaning of the letter.

"Mr. Hancock was a hustler and left the business in good condition so far as we have been able to determine. I can see no reason for his leaving," he added.

Mr. Hancock was treasurer of the Christian Science church, and the church board is making an examination of the church's accounts. A meeting for this purpose was to have been held Wednesday night, but was deferred because of the absence of Mr. Hancock. The board has declined to make any statement of finances of the church until all of the accounts have been audited.

Mrs. Hancock is going to sell her household goods as soon as possible, and she, with her daughter, will go to Kansas City.

Mr. Hancock began his work with the Field-Lippman company here. Previous to that he had been working in the south, while Mrs. Hancock remained in their former home in Boston. When he took his position with the Field-Lippman company a year and a half ago, he sent his wife word to meet him in St. Louis, and together they came here.

### THE NORMAL OPENING.

The State School Will Commence Its Fall Term on Monday, September 15.

The State Normal of this city will open on Monday, September 15, being the beginning of the fall term. The indications are that there will be a big enrollment.

Jim Frum of Clyde was a city visitor Tuesday.

### SCHOOL TO START MONDAY.

As the Water Situation is Much Better, the Opening Will Be Then.

The city schools will open on next Monday, September 15, so the school board has decided. The decision of the board was made after conferring with the board of public works in regard to the water situation, and finding that the water supply is sufficient.

School was put off for one week on account of the shortage of water and the hot weather. However, the week will probably be made up during the Christmas holidays. School was to have opened on September 8.

Superintendent W. W. Westbrook will be at his office in the Central school building during this week after 9 o'clock in the morning, and anyone wanting information in regard to school matters are requested to call. A teachers' meeting of the entire school faculty will be held on Saturday afternoon at 2 o'clock.

### THE DROUTH ENDS.

A Little Rain Tuesday Morning, But More is Expected—Cool Temperature, Too.

The drouth has been broken and there have been rains over Missouri, Kansas, Oklahoma and Nebraska and Illinois. In Maryville and Nodaway county, a light shower was had Tuesday morning. The condition of the weather also showed that more rain may be expected in the near future.

Cloudy weather was had Tuesday and the day was very pleasant, and it seemed certain that no protracted heat wave will visit this section of the country again this year.

### WAS GOING TO SHOOT.

"Smoky" Schooling Pulls Gun on George Williams at Heller's Saloon.

"Smoky" Schooling, colored porter at Strong's barber shop, on North Main street, pulled a gun on George Williams at Heller's saloon on Monday evening. "Smoky" was prevented from shooting by a number who were in the saloon at the time. Williams, who is a colored porter at the Pearce barber shop, has had difficulties with "Smoky." Schooling was arrested and is in the county jail. He is charged with assault with intent to kill and carrying concealed weapons.

The funeral services of Wilbur Curnutt, the 10-year-old son of Mr. and Mrs. John Z. Curnutt, who died Monday afternoon, will be held at the family residence, 403 West Second street, at 2 o'clock Wednesday afternoon. The S. Cox, pastor of the First M. E. church, will be conducted by Rev. G. church. The body will lie in state at the home from 10 a. m. to 12 m. Burial will take place in Miriam cemetery.

Mrs. Vilas Martin and daughter left Monday afternoon for Lake Geneva, Wis., for a visit with Mrs. Martin's parents.

## MISS RUTH LAW.

Woman Aviator Who Made A Record Flight With Two Passengers at Garden City.

Photo by American Press Association. Miss Ruth Law, sister of Rodman Law, the aeronaut in a biplane, carrying Mrs. Richard R. Sinclair and Miss Pearl McGrath, made what was probably a world's record flight for a woman aviator carrying passengers at Garden City, N. Y. She made a flight of about ten minutes' duration at an altitude of about 800 feet.

## PLAN BIG THINGS

THE FALL FESTIVAL TO HAVE GOOD ATTRACTIONS.

## AIRSHIP FLIGHTS DAILY

Will Try to Secure Competent Aviator—A Horse Show and Ball Games Also Planned.

Great things were planned for the Fall Festival, October 8, 9, 10, at a meeting of the directors of the Commercial club Monday. The attractions they are going to bring here then will make those three days the biggest three days of amusement ever seen in Maryville. Here are some of the things they are trying to arrange for:

Aeroplane flights every day. These flights will be different from any ever seen around here, for they will be accompanied with thrills. An effort is being made to secure a competent aviator who can do stunts. If possible they will get a man who will go up with the aviator and make a parachute drop from the aeroplane. This is the latest thing in aviation. The parachute is specially designed for this purpose. It is strapped to the man's shoulders and makes a very small roll. When the man jumps clear of the machine to make his drop, he pulls a string which unloosens the roll and the parachute unfolds.

A horse show is planned for one day. Liberal prizes will be given for horses, mules and colts.

An extra effort is being made to get two professional ball teams here for a game, and a contest among the bands of the county is being arranged.

### ICE DELIVERIES TOMORROW.

Wm. Everhart Has Good Supply of Ice—Asks People to be Saving—Water Supply Good.

William Everhart will start his ice wagons on the residence routes tomorrow morning. He has been making ice for two or three days now, and he has been assured water service tonight so he can keep the plant running all night. He asks, however, that the people be as saving with ice as possible and not to buy any larger quantities than necessary.

The water service is very favorable now. Water was turned on yesterday, all of last night, and has been on all day today. The supply of water that is now in sight makes it look as if continuous service can be given most of the time now.

In addition to this, the board of public works is making preparations to have test wells dug on the property at the water plant. A man to do this work has been sent for.

With the prospect of rain, a new danger threatens. The new dam is in no condition to withstand a big rain. Men are working night and day to push the work past the danger point. About two feet more of excavation is necessary before the clay bed on which the dam will be built is reached. Engineer Flynt said this morning that the concrete work could not begin until next week.

#### JEFFERSON CITY LETTER.

(From Democratic Press-Bureau.)

A little while ago standpat Republicans were throwing fits because they asserted the tariff bill discriminated against farmers in that wheat and corn were placed on the free list, along with everything the farmer buys to run his farm. My, how the standpatters sympathized with the farmers! No sooner was it proposed in the administration currency bill to permit country banks to lend money on farm mortgages, then the sympathetic sob ended with a gulp, and every mother's son of the standpatters opposed the scheme. Which, of course, proves that the whole standpat tear for the farmers was a crocodile globule glistening to fool the simple. The average standpat Republican has about as much love for the farmer as the devil has for holy water.

In the light of the obstructive tactics used by the standpat members of congress to delay the passage of the tariff and currency bills it is evident that G. O. P. stands for "Great Obstructive Party." The Democratic party today is the progressive, constructive party and the remnant of the Republican party is simply "against" everything that moves forward under the sun.

President Wilson bulks large against the horizon of statesmen when he stands out against the jingoes who would plunge this country into war with Mexico. Why should the United States whip Mexico at a frightful cost of millions of money and the flower of American manhood? What is to be gained by such a resort to arms? Who will answer?

The tariff bill should have been enacted by July 1st and the currency bill by August 1st. The reason both measures are still pending before congress is because of the obstructive tactics of the standpat Republican members of congress. Their dilatory tactics are keeping business unsettled and preventing the policies of the Wilson administration from becoming operative. The Republican party is opposed to all progressive policies—its only mission on earth is to stand pat. The live, progressive element of the party left in disgust at Chicago and followed the star of Roosevelt into a new party. What remains of the old hulk is as dead to the progressive spirit of the twentieth century as Pharaoh's mummy.

Game Warden Jones is lining up his forces and will do some real game conserving just as soon as he can replenish the game exchequer which Jess Tolerton swamped with a four thousand dollar deficit. About the only thing any Democrat inherited from the various state departments in control of Hadley Republicans during the past four years was a deficit. In fact, deficit is the given name of the Hadley regime.

"The Democrats can't stand the prosperity of being in power." You have heard that before, but the question is are you, as a Democrat, doing

anything to make it true? Are you a hell raiser, or harmony producer?

The Progressive Republican party has come to stay. It is made up of four million freemen who refuse to follow the flag of standpatism. You had as well try to mix oil and water as to stir up a progressive and standpat Republican in the same kettle. And it's the progressive party which will have to contend in Missouri in the future. The sooner the Democratic party realizes this fact and forms its battle line accordingly the better it will be for the party of the people.

A horse sold at Paris, Mo., for \$10,000 the other day; mule colts are selling for \$200 per head; a man in Jackson county sold a trio of chickens for \$1,500 last week; a Nodaway county farmer sold a single porker for \$61.95 recently; a cow sold for \$275 at Joplin last month—just an every-day milch cow; an Audrain farmer sold a load of yearling steers for more than \$100 per head; a Greene county farmer paid \$1,600 for four 3-year-old draft fillies; corn is selling at 75 cents per bushel and potatoes at \$1.25 per bushel. Where is the ape who said the election of Wilson meant \$25 horses, 2-cent pork, \$15 cows, 25-cent corn and a like low price for all farm products?

#### TO REPRESENT THE COUNTY.

Ralph Palmer, 15-Year-Old Boy, to Attend State Fair at Sedalia, Mo.

Ralph Palmer, aged 15 years, will be Nodaway county's representative to the State Fair at Sedalia, Mo., September 28 to October 3, to attend the boys' state fair school during that week. The young man is a pupil of the Rockford school, which is taught by Miss Hazel Masters. He was the only boy to take the examination for the place. His expenses will be paid by the Commercial club of this city and also by the state fair association.

It gives me much pleasure to commend the Stoddard Library, by John L. Stoddard. I consider it a valuable work for every home, especially for those where the parents and children have a keen desire for education and entertainment, and for the best thoughts in the best works of the finest minds of the world's history.

Any work by John L. Stoddard is deserving of careful consideration, but in the Stoddard Library I believe the author has accomplished his greatest good.—Wm. M. Hyman, Principal Woodland High School, Woodland, Cal.

#### Rapsford Succeeds Hoover.

Rev. C. O. Rapsford, who was appointed as pastor of the M. E. church, South, at Ravenwood and Guilford by the Southern Methodist Conference at St. Charles, Mo., has been pastor at Keytesville, Mo. He is a very able man. Rev. S. E. Hoover, who has been the pastor of these churches for the past year, goes to Agency, Mo.

The Stoddard Library, now being introduced here, should be in every home, and the introductory price now being offered makes it possible for all to own this valuable work. Like his famous lectures, it defies criticism, and like his lectures, too, the introductory price is offered but once in any locality. This week closes the introductory sale here.

Riley Dakan of southwest of Maryville returned last week from Oneida, S. D., where he had been two weeks visiting his son, Justin Dakan. He says his son has good potatoes and good corn, but his wheat and oats were not much good.

#### Celebrated Birthday Anniversaries.

Sunday was the birthday anniversary of Mrs. Jos. Yeager and Mrs. John Linville, so the neighbors gathered at the home of Mrs. Yeager, nine miles southwest of Maryville, and gave them a genuine surprise. At the noon hour a sumptuous dinner was served from well filled baskets and from the amount of eatables on the table one was loth to believe that this portion of Nodaway county was in the grip of the severest drouth known to the oldest inhabitant. ## JEROME IS ACQUITTED

New York Attorney is Honorably Discharged.

### CROWD STAMPS AND HISSES.

Cat Calls Drown Subdued Outburst of Cheering—"Saves Me \$250," Says Thaw When He Hears of Case Against Opponent Being Dismissed.

Coaticook, Que., Sept. 9.—William Travers Jerome was acquitted of the charge of having gambled on Thursday last on the station property of the Grand Trunk railway while waiting for the immigration authorities to pass on the case of Harry K. Thaw. In discharging him the court apologized for the humiliation to which he had been subjected.

The hearing before Magistrate Mulvena of Sherbrooke lasted less than an hour. At its conclusion the court said: "Sir, you are honorably discharged."

When acquitted Mr. Jerome thanked the court, spoke flatteringly of his reception in Canada and added that he did not attribute his arrest and brief imprisonment last week to the thinking people of the Dominion. He took a late train from Coaticook for New York and will return to Montreal for the arguments on the latest Thaw habeas corpus writ to be held before the king's bench at Montreal, Sept. 15.

Hisses and Cat Calls.

There was a subdued outburst of cheering when Jerome sat down, but the cheers were drowned by hisses and cat calls.

Harry Thaw, in the detention room over the railway station, heard the news of his old opponent's acquittal almost immediately.

"That's good," he said. "It saves me \$250."

This remark referred to the fact that Thaw had offered to make good any loss sustained by Andre Reoussseau, a local hotelkeeper, and one of the two sureties on Jerome's \$500 bond.

#### May Delay Thaw Case Two Years.

Ottawa, Ont., Sept. 9.—Dominion officials here foresee a delay of possibly two years before final decision of the Thaw case. The litigation in their opinion undoubtedly will be carried through the Dominion courts to the privy council in England, where the final verdict will be written. Until this verdict is given, the immigration officials believe the courts will not permit the deportation of Thaw and he will remain on Canadian soil. The journey of the action through the courts to the privy council is a long one.

### DISCUSS WORK IN PALESTINE

Letter From Brandeis Is Read at Zionist Congress in Vienna.

Vienna, Sept. 9.—The Zionist congress discussed the committee's report on the work accomplished in Palestine in the last two years.

A letter was read from Louis D. Brandeis of Boston, suggesting that the congress devote its energies to the work along three lines: First, an endeavor to divert Jewish immigration to Palestine; second, negotiations with the Turkish government for large concessions; third, an endeavor to interest capital in the creation of industries in Palestine.

#### Mrs. Pankhurst May Be Excluded.

Washington, Sept. 9.—Before Mrs. Emmeline Pankhurst, leader of the British militant suffragettes can be admitted to the United States in October, the time set in the latest announcements for her coming, the immigration authorities will decide whether any of the acts for which she has been imprisoned in England constitute moral turpitude within the meaning of the law and make her an undesirable alien. She will be detained at whatever port she lands, but whether eventually she may be permitted to enter cannot be foretold.

#### Charlton Cannot Secure Attorney.

Como, Italy, Sept. 9.—Porter Charlton, the American who soon is to stand trial for the murder of his wife, has not succeeded in securing the services of counsel to conduct his case. Deputy Camera, when in the United States recently, was urged by Charlton's friends to undertake his defense. Camera has not yet accepted the task, but in the meantime, not willing to leave Charlton without assistance, he asked the judge at Como to allow him to confer with the prisoner.

#### Urges Parsons to Cut Out Tobacco.

St. Charles, Mo., Sept. 9.—Bishop E. E. Hoss of the Methodist Episcopal church, south, urged ministers attending the Missouri conference of that church here to refrain from the use of tobacco in any form, and he characterized total abstinence from the weed as one of the distinguishing marks of a gentleman. While he was speaking, several preachers were smoking on the lawn in front of the church in which the conference was held.

#### "Father of Cash Wheat Buying" Dead.

Minneapolis, Sept. 9.—James Marshall, aged seventy-eight years, known as the "father of cash wheat buying," and former president of the local chamber of commerce, died at his home at Lake Minnetonka.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food, and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

## TRANSPORT BUFORD GOES FOR REFUGEES

Sails Under Red Cross Flag for Mexican Ports.

San Francisco, Sept. 9.—The army transport Buford sailed to gather up Americans in peril on the west coast of Mexico.

The vessel is in charge of Charles Jenkinson, special representative of the state department. It flies the Red Cross flag, as it is believed the ship will be better able to perform its relief work under that banner, owing to the present temper of Mexicans, than under the American flag.

The Buford, it is thought, will bring back between 500 and 1,000 Americans who desire to leave Mexico and probably a second trip will have to be made to accommodate all who wish to get away.

The trip is expected to last from four to six weeks. The first stop will be made at Manzanillo, Sept. 15.

#### Huerta Keeps Promise Made.

Vera Cruz, Sept. 9.—Provisional President Huerta apparently meant all he said when he declared that the Mexican government would furnish first class transportation for American refugees. It was announced here that Americans may secure money sufficient to pay the difference between the first class passage and that provided by the United States government through W. W. Canada, the American consul at Vera Cruz.

## WILLARD HELD FOR MURDER

Eleven Others Are Bound Over to Superior Court.

### THEY FACE OTHER CHARGES.

Allegations of Prize Fighting Against Accused Twelve—Bonds of \$5,000 for Principal and \$1,500 for Rest Left Unchanged.

Los Angeles, Sept. 9.—Jess Willard, as principal, Thomas McCarrey, as promoter, and ten others, interested in the fatal Willard-Young fight at the Vernon arena on Aug. 22, were held to the superior court, charged with murder in the second degree.

The decision was rendered by Justice Summerfield at Vernon, before whom the preliminary hearing of the accused men was held. Those held to the higher court besides Willard and McCarrey are: Al Greenwald, promoter; Tom Jones, Willard's manager; Harry Gilmore, Jr., Young's manager; Al Harder, timekeeper; Charles Eytan, referee; Walter Monahan, John Davies, Charles Anslinger, James Cameron and Eddie Webster, seconds.

In addition to the charge of murder in the second degree, charges of prize fighting rest against the accused twelve. The bonds of \$5,000 for Willard and \$1,500 for each of the others were left unchanged.

In the hearing just ended, counsel for the defendants made a futile attempt to prove that the death of John Young, following the knockout scored by Willard, was not caused by a blow, but by a wound on the brain inflicted accidentally by one of the surgeons who operated upon the injured fighter's skull. The prosecution, on the other hand, succeeded in having the twelve men held for trial on the murder charge, instead of the original charge of simple manslaughter placed against them.

### TERRORIZED BY CATTLEMEN

Armenian Claims Father Driven From Home in Nebraska.

Lincoln, Sept. 9.—Charging that the big cattlemen of Grant county had terrorized and driven from his home his aged father, Morris Casper, a young Armenian, came to Lincoln to search for his parent, whom he says came either here or to Omaha. Young Casper, who is Americanized, says his parent, who arrived from Armenia but a year ago, is unable to talk English and was easily frightened by the cattlemen. His father, he says, was visited by a number of herders a few days ago, who told him he must either leave them his homestead or leave the country. They bought the elder Casper a ticket either to Omaha or to Lincoln, and told him to leave and not return if he valued his life, the son avers. Not finding his father here, the son left for Omaha to continue the search.

### ROADS TO MAKE DEMAND

Washington, Sept. 9.—Proposed advances of 5 per cent in freight rates on all commodities, except grain and coal, will be submitted to the interstate commerce commission about the middle of next month by the fifty-two railroads operating in the east.

The proposed changes will be based upon the present first class rate between New York and Chicago, the increase being 5 per cent flat. It is understood no determination has been reached as to new rates on coal and grain.

#### Ready for Final Vote on Tariff Bill.

Washington, Sept. 9.—The senate will vote finally on the Democratic tariff bill this afternoon at 4 o'clock. Democratic lines in the senate stood solidly against the final onslaught of the tariff fight. With party leaders urging their colleagues on to approval of the bill, the ranks closed up against the anti-free wool and anti-free sugar forces and defeated all amendments to the bill as fast as they came to the vote. Among the amendments defeated was that of Senator Norris for a heavy tax on inheritances. This was beaten, 58 to 12.

#### School Will Be Held in County Jail.

San Francisco, Sept. 9.—With the co-operation of the board of education, school will be opened this afternoon at the San Francisco county jail. ## HIS TROUBLE NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Theodor's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Theodor's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Theodor's. Price 25c.

## WANTED THE MARKET PRICE

Cattle Dealer, Unfamiliar With Chameleons, Put Only Question That Occurred to Him.

Representative Phil Campbell of Kansas is the proud father of a young daughter who likes unusual pets. In her young life she has lavished affections on all sorts of queer pets, her latest acquisition being a chameleon—one of those tiny reptiles which assumes the color of any article on which they are placed. The chameleon has a tiny gold chain about its neck, and at the other end of the chain is a pin, that it may be attached to one's waist.

Not long ago one of Campbell's constituents, a cattle dealer, with scarcely an interest in the world outside of live stock, came to Washington and called at the Campbell home. Mrs. Campbell was out, and Campbell himself was in the tub at the time, so the young daughter, with the chameleon pinned to her waist, marched into the parlor to entertain the visitor.

Conversation went along fairly well for a moment. Then the cattle-dealer constituent noticed the chameleon, and watched it with fascinated eyes. For a full minute he was silent. Then he pointed a fat forefinger and demanded:

"Where on earth did you get that thing?"

The young daughter smiled and stroked the chameleon's back with a loving finger.

"Oh," she replied. "I bought it."

The cattle dealer was silent for another minute. Then he spoke again. "Bought it," he repeated, wonderingly. Then he leaned far over in his chair. "Say," said he earnestly, "tell me. How much is lizards a head, anyhow?"

## WAR'S EFFECT ON STATURE

Conquests Achieved by Napoleon Lowered the Average Height of a Frenchman.

It may be stated with confidence that the average height of the men of France began notably to decrease with the coming of age, in 1813 and after, of the young men born in the years of the revolutionary wars (1792-1802), and that it continued to decrease in the following years with the coming of age of the youths born during the wars of the empire, writes Vernon L. Kellogg in the Atlantic Monthly.

Soon after the cessation of these terrible man-draining wars, for the maintenance of which a great part of the able bodied male population of France had been withdrawn from their families and the duties of reproduction, and much of this part actually sacrificed, a new type of boys began to be born. These boys indeed had in them an inheritance of stature that carried them by the time of their coming of age in the 1830s and 1840s to a height one inch greater than that of the earlier generations born in war time.

## New Trousers Every Week.

A new pair of trousers every week! To think of that is to think of E. Berry Wall, King Alfonso, Alfred Vanderbilt or old John D.

But, as a matter of fact, not even Berry Wall, not even Alfonso, not even John D. himself, is extravagant enough to purchase, every week of life, a new pair of trousers. No, there is only one class of men in the world who indulge in such luxury, and these men are ordinary, unskilled laborers. They are, in a word, bleach packers.

Bleaching powder is worse than moths for eating up clothes, and a bleach packer's new trousers, the very first day of wear, will reveal eight or nine holes as big as dimes. By the end of the week the trousers are all holes—that is, they are consumed—and the packer must either buy a new pair or work in a barrel.

## Artificial Marble.

A citizen of Reichenberg, Bohemia, has invented a process for producing a substitute for all classes of marble, including the most highly prized Italian, Egyptian and Salzburg marbles. The claim is made that this product is superior to genuine marble, being stronger, more substantial, and less liable to crack or damage, and that especially in working, boring, or in installation work the danger of injury is much less than with real marble, while it costs only one-third as much. This artificial marble is made partly by hand and partly by machine. The cutting and polishing is done by machinery, the process being already in operation in Vienna, Berlin, Mannheim and Hamburg.

## Wet or Dry?

A waitress in a Fleet street restaurant is telling this story of a man from Lancashire who was apparently up in London for a few days' holiday.

"Haw you' any ginger ale?" he asked. "Yes, sir," replied the waitress; then uncertain whether he wanted it "sweet" or "dry," she asked: "Would you like 'dry' ginger ale, sir?" "Nay, I want nowt dry!" he roared. "Ah'm dry eno' mysen! I want it weet—as weet as yo've got it!"—London Tit-Bits.

## Wireless to Aid Police.

A very complete wireless system is being established throughout the Canadian northwest, which will be of great value for scientific purposes and also to the northwest mounted police. A plant costing \$100,000 is about being established at Lel'pas, Manitoba, with a 150-foot mast. This town is the southern terminus of the Hudson Bay railway. Other plants throughout the far northwest will be established at an early date.

## THE DEATH OF ELIAS PITTMAN.

Was in the Grocery Business Here for Twenty-Six Years—Died at El Dorado Springs, Mo.

The following account of the death of Elias Pittman, on August 27, 1913, is taken from the El Dorado Springs (Mo.) Sun:

After a long and painful illness, which he endured with uncomplaining fortitude, the spirit of E. Pittman, an old citizen of this place, and a man who, in the prime of his young manhood, took up a musket and went to the front as a soldier to preserve the integrity and the indissolubility of the Union, took its flight on August 27th to that unknown country from which no traveler returns. While plain and unassuming, Mr. Pittman was nevertheless a man whose many sterling qualities of citizenship made him a useful member of society; and it will be a source of great comfort to his surviving relatives to know that he has left behind him a name that is a synonym for honesty; and an example of life that will be an incentive and an inspiration to others to aspire to the loftiest achievements of good citizenship.

The funeral services of the deceased which were impressively conducted by Elder Charles G. Keely, pastor of the First Christian church took place at the home of the deceased on August 29th, after which the remains were laid to rest in the city cemetery.

The deceased is survived by a wife and two sons, Earl and Harold Pittman, and by four brothers and one sister, who reside in other states.

Mr. Pittman was born in Savannah, Mo., on February 9, 1845. He was in the civil war. He came to Maryville and was in the grocery business here for twenty-six years. He moved to El Dorado Springs from Maryville in 1899.

He is 21 years old and was born in Rebstein, Switzerland. He came to this country on October 18, 1910, on the ship Finland. He will not receive his last papers until five years from the date of the landing, or in 1915.

## THE WORD HELL.

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the TOMB, the GRAVE, the STATE OF DEATH. It affects to show that man was not redeemed from a far-off place of eternal torture, but that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

## DEATH OF MRS. WILLIS.

North Maryville Resident Passed Away Wednesday Morning After a Long Illness.

Mrs. James M. Willis passed away Wednesday morning shortly after 5 o'clock, at her home, 107 North avenue.

Mrs. Willis had been an invalid for many years from heart trouble, and for three years had quietly, patiently and cheerfully borne the trial of sitting in her chair the greater part of the time, denied the joy of an active life. She had many friends, however, who took pleasure in visiting her. Her condition became weaker several weeks ago, but nothing serious was thought of it until Tuesday evening about 6 o'clock, when she was seized with a smothering spell that lasted several hours. This attack over, she grew gradually weaker until her death.

The funeral services will be held Friday afternoon at 2:30 o'clock at the family home by Rev. Gilbert S. Cox of the First M. E. church. Interment will be in Oak Hill cemetery.

Elizabeth Porter Willis was born January 31, 1842, in Perry county, Ohio, where she lived until she had reached girlhood, when her parents moved to Albia, Ia. Later they moved to Springhill, Kan., where she was married June 18, 1868, to James M. Willis, who survives with their only child, Miss Kate Willis.

Mrs. Willis was converted early in life and became a member of the United Presbyterian church. As there was no church of that faith in Maryville, where she and Mr. Willis and their daughter came in 1889, she attended the First M. E. church, but did not change her membership from the church of her first choice.

Mrs. Willis also leaves a sister and a brother, Mrs. M. F. Newton of Springhill, Kan., and Mr. Robert Porter of Melbourne, Kan., both of whom will arrive in Maryville Wednesday night.

## WINS PRIZES AT STATE FAIR.

Barnard High School Took Premiums in the School Exhibits.

The Barnard high school, a third class high school, with three entries at the state fair, held at Sedalia last week, won the following honors:

Second prize on English notebook.

Second prize on history notebook.

Third prize on science notebook.

This speaks well of the work done by the high school of Barnard, as they had to compete with all high schools of the state, with the exception of Kansas City and St. Louis or cities with a population of 100,000 or more.

## Close-to-a-Pound Pear.

W. E. Trueblood brought a Keiffer pear to this office Wednesday morning, raised on his place, on East Seventh street, that tipped the beam at 12 ounces. He gathered five bushels from one tree of uniform size. This growth for the Keiffer pear is very unusual, as that variety is small.

Aviator Blakeley made his first flight this afternoon about 2 o'clock. It was a successful one and he was thirteen minutes up in the air. He started at the Normal grounds and went a distance of 120 yards on the ground before the machine started upward. He circled around the Normal grounds three times and landed just in time to avoid a spill.

Aviator Blakeley said after the flight:

"It was a hard flight as the air currents were so treacherous. The engine got very hot and if I hadn't landed when I did, I probably would have made a spill."

The second flight today will take place at the Normal at 5 o'clock.

W. A. Blakeley arrived in Maryville this morning over the Wabash from St. Louis. He is taking the place of Roy Francis and Sky High Irving, who had a smashup of their machine at the Wyoming state fair last week.

W. A. Blakeley, the air man who substitutes for Roy Francis and Sky High Irving during the three days' fall festival here, arrived this morning from St. Louis on the 6 o'clock Wabash.

Blakeley and his employer, T. S. Doby, who is the owner of the aeroplane, started immediately to set up the machine on the Normal school athletic field, but were unable to get the powerful bird ready for action until about noon.

The machine is a Benoist tractor biplane, and has a two-cycle 75 horsepower engine.

Mr. Blakeley has been flying for two years, at first for flying machine companies, but is now working for T. S. Doby.

The fall festival opened this morning with a band concert by the Maryville band, and everything on the program has been pulled off on schedule time.

Mr. Cox sang three songs, accompanied by Mr. Landon, and Mr. Bock on the violin, "Deep in a Rose Glowing Heart," by Nevin; "Absent," by Metcalf, and "For All Eternity," by Mascaroni.

Mr. Bock then gave two violin solos with Mr. Landon at the piano, German Waltz, by Kreisler, and a minuet by Beethoven. The program was well received by the audience, and in response to the last encore Mr. Landon gave "Where, O Where Has My Little Dog Gone?"

The remainder of the program consisted of "stunts" which were participated in by every one present, with Vandersloot as captain of the Green and Lukens captain of the Whites. Some of the stunts done were a rooster, fight, penny race, newspaper battle, three-legged race, fortune telling contest, shoe race, a boxing match and a get rich scheme. At the end of the contests it was found that the Greens had won a greater number of points and were accordingly crowned victors. The vanquished side was further humiliated by having to serve refreshments to the victors.

## WAS A PUPIL OF PROF. DUNCAN.

Dr. Arthur Yager, Who Was Appointed Governor of Porto Rico, Started School Under Maryville Man.

The selection by President Wilson of Dr. Arthur Yager, president emeritus of Georgetown college, Georgetown, Ky., as governor of Porto Rico gave special pleasure to Prof. B. F. Duncan of this city, who started young Yager in his educational career at Campbellsburg, Ky., away back in the other century.

Prof. Duncan, in speaking of Mr. Yager, says:

"Young Yager was an ingenious, open and frank boy, full of pranks, much given to fun, apt to learn and chummy with his teacher between whom there was the closest friendship and not much disparity in age. In all the interesting years, no reminiscences are dearer to me than those connected with my association with this young man, in whose family I lived for two years in the beginning of my career as a pedagogue. It is some honor, too, for this college professor to have won out over such a competitor as Congressman Borland of Kansas City. Thus we have another instance of the wisdom of our president in selecting men of this class for important posts. We now have Prof. Wilson, Prof. Houston, Prof. Yager et al, which certainly assures us of a wise and economical and learned administration of public affairs. The country is safe. Next."

## SPOKE AT THE NORMAL.

Rev. Joel B. Hayden Gave Talk at Assembly—To Leave tomorrow for Baltimore to Take Up Work.

Rev. Joel B. Hayden, who lately returned from Poland, where he and Mrs. Hayden have been doing sociological work for the past year, visited the Normal school this morning and gave a short talk.

Mr. Hayden spoke in behalf of the emigrant who comes to this country under adverse circumstances and finds himself the victim of graft and petty political-intrigues.

The emigrant who comes here forced to leave his own country because of lack of employment or pecuniary conditions is generally looking for work, and if properly handled will become a valuable citizen.

Mr. Hayden will leave for Baltimore tomorrow evening, where he will take up his work among the foreigners.

## DID NOT SET DATE

PETITIONS FOR ELECTION ON \$200,000 BONDS NOT PRESENTED.

## ENOUGH SIGNATURES

County Bridges Will Never Be in Good Condition Without Bond Issue—Present Funds Overdrawn.

The petitions calling upon the county court to set an election date for the purpose of voting on a \$200,000 bond issue for bridges and roads in Nodaway county were not presented to the court in session Tuesday afternoon, as was first planned. It was thought that this is not an opportune time for such an election. The court will take no action on such proposition this winter.

Several townships in the county appear strongly in favor of such a bond issue and would give a strong vote. Polk and Union townships have voted township bonds, and while realizing that these do not supply the needs of work by the county for county bridges, yet they are not ready for the additional bond issue. The other townships seem to prefer a township bond issue, thinking that this would insure the money being spent in the township from which it originated, overlooking the fact that money derived from such bonds can only be expended for township work and township bridges up to \$100 expenditure, leaving the county bridge condition as bad as ever.

There were more than the required number of signatures on the petitions, but from the opinion of those circulating such petitions, it was thought it would be a waste of money to call an election just now, as it would be defeated.

The county will never have their bridges in good condition until a bond issue is had. The present county road and bridge fund is one year overdrawn. Many bridges that are needed cannot be had. The bridges necessary to be built over the Nodaway drainage ditch will probably be the only bridges to be put in next year, leaving the balance of the county without relief. To increase the road fund by increasing the valuation of assessment would mean paying \$3 into other county and state funds for each dollar paid into the road and bridge fund.

In a county bond issue each township would get their proportionate share for bridges and roads.

## LEGAL BATTLE ON.

In Circuit Court Today in a Suit That Is an Outgrowth of the Younger Financial Troubles.

Circuit court was in session today and the case of O. A. Simmons vs. Joseph Jackson, Sr., Rockwell Bros., interpleaders, was on trial. The case was heard by the court and up to this afternoon it was still being tried. The case is an outgrowth of the Younger financial trouble at Elmo.

There is surplus of \$1,474.70 in the hands of Joseph Jackson, Sr., which Simmons and also Rockwell Bros. are claiming that they are rightfully entitled to. The money was left over after Jackson as trustee had sold the residence property of Joe Younger, and had one lot in Elmo under a deed of trust held by the Sisson Loan and Title company. After paying the debt and costs of the sale, there was a surplus left of \$1,400.

Mr. Simmons is represented by T. A. Moxcey of Atchison, Kan., and Fred Harvey of this city. Mr. Simmons is connected with the First National bank of Atchison. Rockwell Bros. are represented by M. E. Ford.

It is a hot legal battle between the attorneys and many points of law are involved in the case.

## Imported Handkerchief Boxes.

Among the nice things being gathered together by our merchants for the Christmas holiday trade, and they are really getting ready fast and in earnest, we saw some imported things at the Corwin-Murrin clothing store Tuesday. They are Japanese boxes with from two to a half dozen gentlemen's handkerchiefs in pure Irish linen in each one. Some of the boxes are of teakwood, others of other sorts of Japanese wood, and all decorated in real Japanese art. The boxes were imported by a Chicago firm for their holiday trade, and Mr. Corwin happened to be in the wholesale house just in time to secure some of them.

SUDDEN DEATH AT CLYDE.

Mrs. Jacob Bellin Died at Noon  
Wednesday of Apoplexy at Home,  
North of Clyde.

Mrs. Jacob Bellin dropped dead Wednesday noon at her home, two miles north of Clyde, while assisting her husband in caring for some meat that was butchered Tuesday. She had left Mr. Bellin just a moment to go into the kitchen, when he heard a peculiar sound and on going to investigate the cause, found Mrs. Bellin lying on the floor dead. The physician summoned pronounced the cause of death as apoplexy. Mrs. Bellin was feeling ill some two weeks ago and went to a physician for medicine, which had helped her so much that she was apparently in good health when stricken.

She is survived by her husband and eight children: Joseph and Will Bellin, Mrs. Frank Adwell, Mrs. Alex Smith and Mrs. Emmett McCrary of Ravenwood; Mrs. Reuben Vance and Mrs. Charles Vance of Melrose, N. M., and Fred Bellin of Roosevelt, N. M. Mrs. Bellin was 68 years old. The funeral arrangements have not been made.

A SUCCESSFUL MEETING.

Revival at Burlington Junction Added  
78 to Membership, Making a Total  
of 289 Members.

Rev. J. W. Love of Burlington Junction spent Wednesday in Maryville and officiated at the Vanhorn-Greenwood wedding at 6 o'clock.

Rev. Love has just closed a very successful meeting in which he was assisted by Rev. R. E. Snodgrass of Savannah, who preached every night for four weeks.

Seventy-eight were added to the church, making a total of 289 members. A revival was held there last year by Rev. Claude J. Miller that resulted in fifty-one additions. The church is in a most prosperous spiritual condition, and Rev. Love is much gratified.

The church will hold its annual dinner and meeting Sunday, October 19.

Communication

A Letter From Dr. Neely.

Editor Democrat-Forum: I see in your Tuesday's issue a statement concerning my plans as to my wife going to Jefferson City to live. Allow me to say that I have not perfected any plans at all as to her future, but rather think at present that she will not go to Jefferson City, but will possibly go west. However, I will try to post you when we do decide just what she will do.

I am glad to say that she remains loyal to me, which is my only consolation at a time in my life when the powers of the law are against me. She will do everything in her power to smooth this rough and unaccustomed road for me, and that, connected with the fact that she and I both have a host of friends in and around Elmo, as stated in a letter received yesterday from Elmo, will help me to bear up while serving my time. Judge Ellison will have the pleasure, I hope, of seeing the names of some of my friends in the form of a petition. I lived long enough to see at least one Biblical prediction fulfilled, which says: "A man's foes shall be they of his own household." I have an interesting history. No bad habits at all. Do not smoke, chew, drink, swear or gamble, and never did. One swallow of beer and three of whisky is all I ever took in my life.

Angell's Comedians.

Angell's Comedians gave their first entertainment in their big tent last night to a large house. The company were a little late getting started last night, owing to the late arrival of their outfit. The play pleased the large audience, and the Chicago Ladies' Orchestra is quite a drawing card for the company. Tonight the company will present one of their feature plays, "The Serpent and the Cowboy." While it is a western play, the management announced last night that there was not a shot fired in the bill, and that it kept the audience guessing until the last word was spoken before they would know how it would all wind up. We predict a big business for this company all week.

Its Largest Membership.

The Shakespearean department of the Twentieth Century club assembled Tuesday afternoon for the coming year's study at the home of Mrs. G. B. Holmes. The department opened with the largest membership in its history, thirty enrolling with the two new ones added Tuesday. Mrs. George Robert Eaton and Mrs. Herbert Langsdorf, who has recently located here from St. Louis, Mr. Langsdorf being with the Berney Harris clothing store. Mrs. Berney Harris, the chairman of the department, was present and presided. Act 1 of Julius Caesar was the study, and roll call was responded to with quotations from that act. The source of plot and brief outline was given by Mrs. M. J. Honnold; life of Julius Caesar, Miss Anna Dooley; pronunciations of names of characters in the play, Mrs. Gallatin Craig. The Rome of Julius Caesar was given by Mrs. Langsdorf instead of Miss Grace Langan, who could not be present on account of her duties as city librarian. The following questions were answered: What classes of Romans are introduced in the scene, Miss Bertha Beal; for what do the Tribunes improve the people, Mrs. Scribner Beech, Sr.; what was the feast Lupercal, by Mrs. J. F. Montgomery instead of Mrs. J. E. Cameron; Casca's story was given by Mrs. Anderson Craig; how does Cassius characterize Caesar and how does Caesar characterize Cassius, Mrs. Frank Shoemaker; what

word put in the mouth of Brutus is made the keynote of his character, Mrs. J. S. Shinabargar; give Brutus' description of the Romans and do his words sound like those of a friend of the people, by Miss Anna Dooley, instead of her sister, Miss Mayne Dooley. A general discussion followed. The word drill was conducted by Miss Lenore Schumacher and the parliamentary drill by Mrs. Ferdinand M. Townsend.

# DID CHILD WAKE UP CROSS OR FEVERISH?

Look Mother! If Tongue is Coated  
Give "California Syrup of Figs" to  
Clean the Bowels."

Mother! Your child isn't naturally  
cross and peevish. See if tongue is  
coated; this is a sure sign its little  
stomach, liver and bowels need a  
cleansing at once.

When listless, pale, feverish, full of  
cold, breath bad, throat sore, doesn't  
eat, sleep or act naturally, has stom-  
ach ache, diarrhoea, remember, a gen-  
tle liver and bowel cleansing should  
always be the first treatment given.

Nothing equals "California Syrup of  
Figs" for children's ills; give a ten-  
spoonful, and in a few hours all the  
foul waste, sour bile and fermenting  
food which is clogged in the bowels  
passes out of the system, and you have  
a well and playful child again. All  
children love this harmless, delicious  
"fruit laxative," and it never fails to  
effect a good "inside" cleansing. Di-  
rections for babies, children of all ages  
and grown-ups are plainly on the bot-  
tle.

Keep it handy in your home. A lit-  
tle given today saves a sick child to-  
morrow, but get the genuine. Ask your  
druggist for a 50-cent bottle of "Cal-  
ifornia Syrup of Figs," then look and  
see that it is made by the "California  
Fig Syrup Company. Counterfeits are  
being sold here. Don't be fooled!—

## MAKE MONEY BILL PARTY MEASURE

Democratic Leaders Hold Confer-  
ence With President.

PLAN OF ACTION IS OUTLINED.

Bill May Be Taken From Committee  
by Order of Caucus—Committee De-  
clines to Take Testimony Week  
Longer Than First Proposed.

Washington, Oct. 8.—Conferences  
between President Wilson and Demo-  
cratic leaders in the senate practi-  
cally assured that the currency bill would  
be made a party measure, the Demo-  
crats of the senate committee consid-  
ering it separately, as was done in the  
house. By such an arrangement it is  
expected the administration bill,  
amended to some extent, would re-  
ceive a vote of at least 5 to 2, or pos-  
sibly 6 to 1. Should it be impossible  
to obtain a majority report from the  
entire committee it is proposed to  
take the bill from the committee by  
party caucus to the floor of the senate  
to press it for passage during the  
present session.

The currency hearings were resumed  
with the definite understanding that  
they will continue until Oct. 25, if im-  
portant witnesses appear. An impor-  
tant by Chairman Owen to terminate the  
hearings Oct. 18 had been defeated  
by his committee by a vote of 6 to 4,  
in which Senators Reed and Hitchcock  
(Dems.), joined four Republican mem-  
bers, Nelson, Weeks, Brister and  
Crawford, in voting against the termi-  
nation of hearings, while Owen, Shaf-  
roth, Hollis and Pomerene voted for  
Oct. 18.

President Wilson discussed the situ-  
ation with Senator Clarke, president  
pro tempore of the senate; Majority  
Leader Kern and Senator James, one  
of the administration spokesmen. Mr.  
Wilson told them the Republican mi-  
nority should not be permitted to ob-  
struct the Democratic majority's pro-  
gram.

The statement by Chairman Glass of  
the house committee characterizing  
senate hearings as a waste of time, it  
was said in senate circles, would have  
the direct effect of strengthening the  
determination of some senate commit-  
tee members to urge important amend-  
ments.

## \$13,000 TAKEN FROM MAILS

Registered Pouches Slit Open and  
Money Stolen.

Spokane, Oct. 8.—That a total of  
\$13,000 had been stolen within the last  
eight days in Washington and Men-  
tana from registered mail pouches was  
information given out here by post  
office inspectors, who admit that they  
have no clue to the thieves. The first  
theft occurred at Havre, Mont., when a  
mail sack was slit open on the depot  
platform and \$1,000 taken. The second  
took place somewhere between  
Seattle and Wilbur, Wash., when \$10,  
000 in small currency was stolen. The  
third took place near Great Falls,  
Mont., when \$2,000 was taken. The  
postal inspectors believe the robberies  
are the work of persons that had  
knowledge that large sums were being  
transmitted by registered mail from  
the larger to smaller banks to facili-  
tate the movement of crops.

## JUDGE FREES PRISONERS

Forestalls Governor, Who Decides to  
Take Hand in Matter.

Seattle, Wash., Oct. 8.—Superior  
Judge John E. Humphries issued an  
order releasing the thirty-one men and  
women Socialists confined in the county  
jail for "talking back" to him when  
they were arraigned for contempt of  
court. Judge Humphries thus fore-  
stalled Governor Lister, who was on  
the way to Seattle to devise ways and  
means of releasing the prisoners and  
to confer with two King county judges  
relative to possible proceedings for the  
removal of Judge Humphries.

The court's action disposes of the  
last of the contempt cases resulting  
from the wholesale signing of "resolu-  
tions of defiance" of anti-street speak-  
ing injunctions issued by Judge  
Humphries.

## Germans Against Prohibition Law.

St. Louis, Oct. 8.—The National Ger-  
man-American alliance at its conven-  
tion here adopted a resolution, con-  
demning the attempt to secure the en-

The resolution denounced as "utterly  
unworthy the proud title of American  
citizen those who are attempting to  
coerce the members of the senate and  
house of representatives into lend-  
ing their sanction to any scheme of  
pseudo-religious bigots and zealots to  
control the personal actions of law-  
abiding citizens."

## Why the Price is Lower

**H**ERE we present a few concise cold fac-  
tory facts, so that you can get a faint  
idea of what 50,000 cars a year means,  
and how it makes possible minimum  
economy. Read carefully. Then draw your own  
conclusions.

We are the second largest consumers of  
aluminum in the world—not in the automobile  
industry—but in the world. We use 18,000  
pounds a day or 5,400,000 pounds a year.

This year we will use 20,000 tons of steel.

One of our recent monthly averages on in-  
coming freight alone was over 85 carloads a day,  
or a total of 5,100,000 pounds of incoming daily  
freight.

On outgoing freight we never fall below 35  
carloads a day and often go as high as 60 carloads  
a day. This year our outgoing freight will ap-  
proximate 270,000,000 pounds.

Our incoming express matter will average  
ten to twelve thousand pounds a day and outgoing  
is almost double that.

We print our American catalogue in 1,000,000  
lots. In addition to that is our German, Italian,  
French, Spanish and Portuguese editions which  
are run in 300,000 to 500,000 lots. Then there are  
huge special editions for South Africa, Canada,  
Australia, India, etc.

We receive over 1200 pieces of first-class mail  
matter each day. We send out over 2000 pieces  
of first-class mail matter each day. On an aver-  
age we handle over 20,000 pieces each week. To  
say nothing of the fourth class matter and Parcel  
Post.

It is almost customary for us to mail a solid  
ton of catalogues and literature every day.

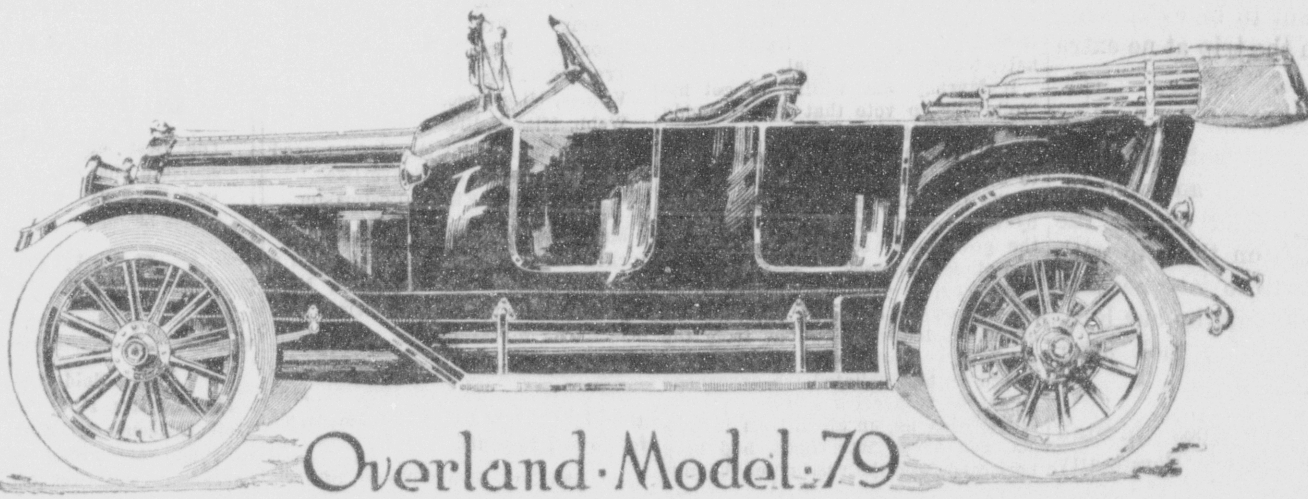

We operate machines in our mailing depart-  
ment that stamp, seal and count 250 letters a  
minute.

Our telegraph offices (situated right in our  
factory) are among the largest individual hand-  
lers of telegrams and cables in the world.

### STUDENT SLAIN BY NEGRO

Police Believe Her Killed Resisting Attack of Black.

Chicago, Oct. 8.—Miss Ida Leegson, art student, whose nude body was found on a prairie west of here Sunday, was killed while resisting the attack of a negro, who robbed her after luring her to the outskirts of the city with a promise of employment, according to the belief of the police.

### GUARDSMEN VOICE PROTEST

Would Have Part in Shaping Military Policy.

Chicago, Oct. 8.—Pleas for a voice in the establishment of the military policy of the United States stirred the session of the National Guard association of the United States in convention here. The militiamen claimed a right even greater than that of the regular army to have something to say as to the nation's military affairs. They deplored the fact that all such questions are left to the arbitrary judgment of the secretary of war and his department, pointing out that frequently the secretary of war is a man who never has been an army man.

### Heat Pointers for Blondes.

It's easy to keep cool and not mind the heat if you know how. Here are some hints from an English physician. "Being cool," he says, "is largely a condition of mind. Keep still, watch what you eat and drink, avoid meat, ventilate your clothes as well as your home, bathe freely and avoid extremes of heat and cold in the water. Kill the fly and don't get chilled at night."

"If you are a blond, avoid the bright lights, because they are rich in chemical ether waves. In persons that have considerable pigment in their skins—in brunettes—these short, rapid, actinic waves are transformed into long and slow heat waves. These actinic waves have a deleterious effect on the nervous system of those whose skin cannot reduce their potency."

"Blondes should avoid sunlight as much as possible, and when they do go out they should wear colored glasses, hats with orange lining and their clothes outside should be white, to reflect the heat rays. Their underwear should be colored, preferably orange or blue. This is to protect the skin."

## BEACHEY KILLS GIRL WITH HIS AEROPLANE

Swoops Too Low While Maneuvering at Hammondsport.

Rochester, N. Y., Oct. 8.—Miss Ruth Hildreth, daughter of W. E. Hildreth of New York city, was killed and her sister, Dorothy Hildreth, was perhaps fatally injured in Hammondsport when Lincoln Beachey lost control of a 100-horsepower aeroplane and it swept a number of spectators off a roof, from which they were watching the exhibition. Her skull was fractured. Among those slightly hurt were Lieutenants Richardson and Bellinger of the United States navy aviation corps and Beachey.

The accident occurred near the head of Lake Kenka, where Beachey is said to have planned to execute a somersault in the air. A crowd had gathered for the exhibition. To gain a good view the Misses Hildreth and the naval officers climbed to the top of a small building used as headquarters for naval officers. Beachey recognized the party and dipped his machine in salute. They waved. The aeroplane went to the end of the field, turned and came back. When it was over the heads of the Hildreth party the machine was seen to dip. The aeroplane came so close to the party as to sweep all to the ground. The aeroplane careened wildly and plunged to the earth, upsetting the aviator and wrecking the machine.

NO. 110.

## WAS NOT OBSERVED

TODAY WAS THE FIRE PREVENTION DAY.

## DUE TO CARELESSNESS

And Day Is Set Aside to Decrease Preventable Loss of Life and Property—Some Suggestions.

Today is state fire prevention day, but it was not observed in Maryville. The day was designated by Governor Major in a proclamation issued a few weeks ago, and he recommended that the people observe the day by a general cleaning up and removal of all rubbish, trash and waste from their premises.

Here are some fire prevention suggestions:

Supplies of matches should be kept out of the reach of children. As matches generally are dangerous and are the cause of a large number of fires, it is recommended that only safety matches be used.

Where lamps are used, they should not be filled by artificial light or after dark.

Coal oil should be kept in metal cans and only in small quantities and in a safe place.

No oily rags should be left around the premises outside of a good metal receptacle.

Gas brackets should have wire globes where there is danger of window curtains being blown into the flame.

All flues and chimneys should be examined carefully by competent persons before the fires are started in the fall.

All furnaces or heating apparatus should be inspected by competent persons before winter fires are started, and the danger of fires being started therefrom should be carefully safeguarded.

All scraps, litter, excelsior and paper should be placed in metal receptacles.

All ashes should be kept in metal receptacles.

Gasoline should not be kept about the premises, except in small quantities, and then only in air-tight metal receptacles. Barrels, casks, packages or cans containing gasoline, benzine, and other kindred high explosives should be painted red and labeled as required by the act of 1913, p. 377.

Cotton batting and other flimsy decorations or candles should not be used on Christmas trees, or for other ornamentation.

Careful attention should be given to heating, lighting and power plants, and power plants, and any defect in connection therewith speedily remedied. The frequent inspection of electric wiring is especially important.

It is advisable to have on hand at all times, conveniently located, fire extinguishers. Several kinds of liquid fire extinguishers have been approved by the National Underwriters' association, and care should be used to get one that has been tested and found reliable. All fires could be easily suppressed at the start with a chemical extinguisher.

In factories where a considerable number of employees work, and in schools and other public buildings where people congregate, printed rules should be displayed giving directions for necessary precautions against fire, and as to methods of escape from buildings in case of fire, and proper drills should be given at regular intervals.

The burning of rubbish, except under proper public regulations in cities, and towns, should be prohibited.

All unnecessary openings in buildings should be closed, and all inflammable material around openings removed.

The advisability of cities and towns enacting ordinances calculated to secure the construction of fire resisting buildings and the installation of proper fire escapes is recommended.

All city and town authorities should rigidly inspect moving picture show buildings, and require that a sufficient number of exits be provided, and that there be an ample supply of fire extinguishers available at all times.

**Mrs. James Ingram Improving.**  
Mrs. James Ingram of Hopkins, who was so seriously hurt in the automobile wreck of September 23, is getting better. She has regained consciousness and can converse with these near to her. The doctors now say she has a chance to get well, it being announced at first that she had no chance whatever. Mrs. Ingram is in St. Francis hospital.

## WON CONVENTION FOR ATLANTA.

Rev. L. O. Bricker Went to Toronto With Purpose of Securing Convention of 1914.

The next world's convention for the Christian church, which is now in session in Toronto, Canada, will be held in Atlanta, Ga., in October, 1914.

Rev. L. O. Bricker, pastor of the First Christian church of Atlanta, formerly with the Maryville Christian church, went to the big convention in Toronto in company with one of his members, H. M. Patterson, with the avowed purpose of securing the next big meeting for Atlanta, and won. That will mean that 10,000 delegates from every part of the world will be there. Every church is allowed one delegate to every 100 members. The delegates pay their own expenses and stop at hotels and boarding places. Besides all these thousands of visitors will be attracted on account of the meeting.

Dr. Bricker is now recognized as one of the big workers in the church. The Sunday school contest in which he engaged last year with the Second Baptist church of Atlanta, when the Bible school of his church held the world's record attendance for over a month, drew the attention of the whole country and brought him praise from his own church throughout the world.

© 1913, by American Press Association.

The "aerobus" has arrived in New York and promises soon to become a "regular vehicle." Its devotees are already predicting "air commuting." William Thaw and Stephen McGordon traveled in an air boat from New Haven to New York in fifty-two minutes. Alfred W. Lawson tried out over Raritan bay a new air boat in which he purposes actually to commute from his home in New Jersey to his work in New York. Robert J. Collier has a palatial air boat almost ready for trips around these waters. And the students of Princeton university have asked authority to organize a flying boat club. In the picture are seen William Thaw and Stephen McGordon in their air boat and another view of the machine flying over New York harbor.

## PROPERTY GIVEN

TO O. A. SIMMONS—THAT IS THE RESIDENCE AND LOT.

## OTHER CASES CONTINUED

Wednesday Was Spent in Circuit Court Considering Cases That Are an Outgrowth of Younger Trouble.

The circuit court, after considering the case of Rockwell Bros. & Co. vs. O. A. Simmons et al., to cancel deed, on Wednesday, decided in favor of the defendants. According to this decision Mr. Simmons is the rightful owner of the Younger residence property and also a lot in Elmo.

In the case of O. A. Simmons vs. Joseph Jackson, Sr., withholding money, the court ordered Interpleader Jackson to turn over the fund of \$1,474.70 held in his possession to the clerk of the court, Eugene Rathbun, and by agreement of parties the clerk is directed to deposit fund on time deposit for three months with First National bank at customary rate of interest for such deposit. By agreement of parties cause continued with leave to Rockwell Bros. to amend interplea and with leave to Simmons to file interplea at any time by thirty days before next term.

The question in this suit is, who is son to turn over the fund of \$1,474.70 Simmons of Atchison, Kan., is claiming it, and so is Rockwell Bros. The surplus money is what is left after paying the debt and costs of sale under a mortgage sale, the deed of trust being held by the Sisson Loan & Title company, Joseph Jackson, Sr., trustee. The property sold at the mortgage sale was some of the Younger property in Elmo.

The case of Rockwell Bros. & Co. vs. Joseph A. Younger et al. was continued until the next term. The question in dispute is, who is the rightful owner of the rest of the Younger property in Elmo.

All of the above suits are a result of the Younger financial troubles. Younger at present is in Canada.

Most of the day Wednesday was spent in hearing these cases, and at times there was quite a legal battle on between the attorneys representing Simmons and Rockwell Bros.

Circuit court will meet on Saturday and the case of Sunderland Bros. vs. Wm. Everhart, account, will come up. Another case will be that of the state vs. J. W. Hall, charged with carrying concealed weapons. This case will be tried before Edward Kelso of Grant City.

## "LINE UP DAY" NEXT SUNDAY.

Meetings at Baptist Church Continue With Good Interest—Subject Tonight "The Seeking Christ."

Rev. L. M. Hale, the new pastor of the First Baptist church, is much gratified with the effort that is being made to have every Baptist in Maryville at church next Sunday and "lined up" for work.

He now has the names of thirty who have been living in the city from a few months to several years, who have letters from Baptist churches or hold their membership in another place, who will be there to take the place they have neglected to take.

The meetings continue each evening and the sermons the pastor is giving are edifying to the membership and appealing and instructive to unbelievers. He is preaching the plain word of God so sincerely and truly that it cannot return void. The twenty-five minute prayer service before the preaching hour, which is 7:30, is a source of strength to all who attend.

The subject for Thursday evening's service will be "The Seeking Christ."

The pastor announced at the beginning of the fall festival that he would not interfere with the pleasure of the young people who attend by holding the services late. He will dismiss each evening in plenty of time, by 8:30, for them to come uptown and take in the festivities.

Bleakley made no flight up to 2:30 o'clock this afternoon, and it was announced that one would be given at 5 o'clock, being the only one today. One reason for this is due to the fact that the air has been so strong that the aviator considered it unsafe to fly.

Aviator Bleakley made his second flight from the Normal athletic field Wednesday evening at 5:30 o'clock.

He covered practically the same route taken in his first flight, but had much smoother going that he had in the first flight. Mr. Bleakley said that although the air conditions were much better in the evening, he did not think it was safe to fly high enough to go over the city, as there is a federal law which forbids flying machines of any type to fly over any town or city at an altitude of less than 1,000 feet.

The machine was started from the east side of the Normal athletic field and left the ground just at the west side of the field, a distance of from 120 to 150 yards.

The aviator went due west for a considerable distance and then made

a detour to the south and came back north directly over the Normal building. He continued north this time, making a complete circle to the west and south, returning over the Normal building again, and completed the flight by a half circle to the west at the end of which he made a safe landing in the center of the field from which he started. The flight lasted fourteen minutes.

A large crowd was on the Normal grounds to witness the flight.

## Fall Festival Notes.

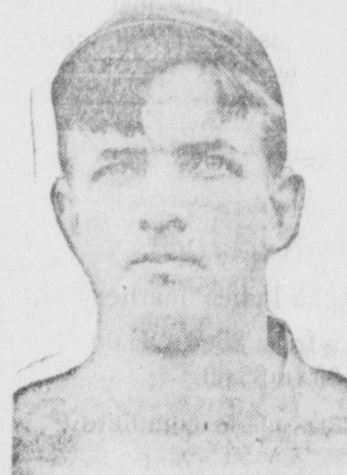

The crowd in attendance Thursday was one of the biggest ever in the city and everyone seemed to be enjoying themselves. The day's program opened with a band concert and a free act was given by the Alvaredo's performing goats. The act is a very good one and is pleasing the people. The goats do a number of stunts such as wire-walking, ladder stunts and other acrobatic stunts.

Another free act that is taking well is that of Elsie, the diving girl.

These pictures are to be shown at all of the moving picture theaters over the country.

Move Acids, Gases and Clogged-Up Waste From Stomach, Liver, Bowels—Cure Indigestion.

Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good gentle cleansing, too.—Advertisement.

## DO YOU WANT AN INSTITUTE.

T. C. Wilson, Secretary of State Board of Agriculture, Would Like to Hold Several Here.

According to a letter Mrs. Stant Gerten of Pickering received from T. C. Wilson, secretary of the state board of agriculture, the state board would like to hold a number of farmers' institutes in Nodaway county, and if any of the towns should decide to hold one, they are requested to notify Mrs. Gerten of their intention at once and she will send word to Mr. Wilson.

Pickering wants to hold an institute and so does Guilford, but they are the only two towns in the county that have decided to do so. Mr. Wilson says that the state board doesn't feel like sending several lecturers to conduct these institutes when there are only two towns in the county that are thinking of holding them. If there are four or five, he thinks it would be worth while.

Mr. Wilson would like to know at once about whether these towns or communities want a farmers' institute.

The following are some of the speakers that will be sent to these institutes: J. Kelley Wright, Prof. Smoot, Miss Bell. Everything pertaining to farm life will be talked of, and also domestic science. A talk on schools will be given also.

## BANKERS OPPOSE FEDERAL CONTROL

Brand Provision of Currency Bill  
as Socialistic.

NO DISSENTING VOTE CAST.

Ex-Congressman MacRae of Arkansas  
Attempts to Defend Administration  
and His Remarks Treated With De-  
rision by Delegates.

Boston, Oct. 9.—The bankers of the United States again declared their opposition to the proposed federal reserve plan of reform in the currency and banking system.

Without one dissenting voice on the final vote, more than 2,000 bankers from all sections of the country, gathered at the first day's session of the annual convention of the American Bankers' association, ratified the action of the conference of bankers in demanding amendments to the federal reserve act, now pending in congress. The financiers also approved the work of their own currency commission, which earlier in the day had reported the system of governmental control proposed in the Glass-Owen bill to be socialistic, and imposing "unwise hardships upon the banks, and equally unwise hardships on the general public."

The resolutions in which this ratification and approval were contained also included commendation of "the president, the secretary of the treasury and congress for their efforts to create in this country an elastic as well as safe currency," and pledged them "heartily support for the enactment of proper legislation to that end."

Proposed by O'Neill.

The addition of this paragraph as amendment to the resolutions was proposed at the afternoon session by former Congressman Joseph H. O'Neill of Boston.

Mr. O'Neill was one of several speakers whose remarks had been booed from the floor in the forenoon. He and former Congressman Thomas C. MacRae of Arkansas, together with H. A. Moehlenpach, president of the Wisconsin Bankers' association, had rallied to the defense of the administration, which had been attacked by many of the previous speakers.

Acting President Arthur Reynolds of Des Moines, in his annual report, had criticized the currency bill, and former Congressman Ebenezer J. Hill of Norwalk, Conn., had attacked the good faith of the administration and introduced resolutions against the bill, when ex-Congressman MacRae took the floor. His attempted defense of the government was treated with derision. Delegates tried to hush him down with cries of "No, no—question, question."

Mr. MacRae stood his ground and asked for a hearing, saying:

"I am a banker myself, but I am unwilling to sanction the language of Chairman Hepburn of the currency commission when he charges the president and the congress of this republic with being a pack of socialists."

Who Shall Control.

"Don't sidestep the issue. The question really at stake in the currency bill is this: 'Shall the bankers of the United States control the currency of the country or shall the government of the United States control?'"

From hundreds of voices there came a reply to the question:

"We should! We should!"

Congressman MacRae then exclaimed:

"Yes, in just the same way every criminal would like the right to be the judge of his own offense; so that he could deliver a verdict of 'not guilty.'"

Some hissing was heard as Mr. MacRae finished.

### ROAD BOOSTERS GET START

Platte Valley Association Decides to  
Push Lincoln Highway.

Central City, Neb., Oct. 9.—With the colors of the Lincoln Memorial association floating in the breeze Central City welcomed from every station dotting the Union Pacific from Omaha to Julesburg delegates and good roads boosters in general, 1,000 in number, to the annual meeting of the Platte Valley Official Transcontinental Route association.

From all parts of the state came men of prominence, farmers and business men alike, and all united in the movement to hasten the erection of the great concrete road joining New York city and San Francisco.

### Mexican Rebels Take Torreon.

Laredo, Tex., Oct. 9.—Federal General Alvarez and his staff and 125 federal soldiers were executed in Torreon, Mex., under orders of General Francisco Villa of the constitutionalists forces, according to information from reliable sources brought here. With the city of Torreon the rebels captured practically all of the federal's arms and artillery. The battle lasted four days, with heavy losses to both sides.

### Protest Against Differential Clause.

Washington, Oct. 9.—After conferring with President Wilson, Solicitor Polk of the state department went to confer with Representative Underwood and Senator Simmons to recommend a modification or repeal of the 5 per cent differential in the new tariff law, against which foreign nations generally are protesting.

### GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy,  
Wavy and Beautiful at Once—  
Stops Falling Out.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Advertisement.

### THE "FRIEDMANN INSTITUTES."

What One Medical Paper Has to Say  
About It—Don't Speak Very High  
of the Cure.

The following is from the Journal  
of the American Medical association:

Once more it should be stated that the so-called Friedmann cure for tuberculosis is utterly discredited. All reliable reports regarding the treatment of patients by Friedmann's method seem to show either that it is actually injurious or else it is less efficient than other well known and less dangerous means of treatment. The Journal of the American Medical Association in a recent editorial again reminds its readers that: 1. Dr. Mannheimer reported on the results of eighteen cases in New York in which the Friedmann "treatment" was used, and stated that in not a single one of the eighteen cases was there definite improvement to date that could be attributed to the treatment. 2. A committee of some of the foremost physicians of Canada was appointed to watch the patients inoculated by Dr. Friedmann in the Canadian hospitals. These physicians made a similarly unfavorable report. 3. Dr. Anderson, acting under the authority of the United States government, watched the progress of the patients treated by Dr. Friedmann in this country. He also gave an unfavorable opinion as to the effect of the treatment. 4. The Friedmann "treatment" has been condemned by German physicians generally. 5. A report from the Rhode Island state sanitarium on the results in 120 patients treated by the Friedmann method states that the patients "have shown none of the immediate and wonderful results reported by Friedmann," but that, "on the contrary, about 17 per cent of the cases" are worse than they might have been expected to be under ordinary sanatorium treatment. This, and more, is true, and yet the company which is exploiting this so-called cure is, apparently, able to find physicians who are willing to aid in this inhuman business. After all, this might be expected; it has always been possible to find men willing to do disreputable work, if sufficient financial inducements are offered. While the medical profession harbors but a small proportion of men of this type, it has some within its ranks who are willing to sell their birthright of professional decency for a mess of pottage. As has been previously said, the scheme of floating Friedmann institutes in different states successfully evades any reprisal on the part of the federal government. It therefore devolves on the various states to take such action as is necessary to prevent the heartless exploitation of the unfortunate consumptives within their borders.

## MATTY TOO MUCH FOR ATHLETICS

Not Only Pitches, but Hits to  
Save His Own Game.

DRIVES IN WINNING RUN.

Gets Grand Support and National  
League Team Wins Second Game of  
World's Series—Plank Weakens in  
Tenth Inning.

Philadelphia, Oct. 9.—Christy Mathewson, master manipulator of the baseball, led the New York Giants to victory at Shibe park, when he shut out the Philadelphia Athletics in a tenning battle by a 3 to 0 score in the second game of the world's series. Hero of a decade of league and world's championship play, the famous veteran rose to the highest pinnacle of his diamond career by an exhibition of all around play that wrung volleys of applause from the 20,000 Athletic supporters who were massed in the stands and bleachers expecting to witness a second triumph of the standard bearers of the American league. Box score experts will point to their figures to prove that eleven other Giants were instrumental in winning the second contest of the series, but the Philadelphia fans who filed sadly out of the Athletic park spoke only of Mathewson.

For a trifle over two hours and twenty minutes the man whose requiem was sung by thousands of fans after the final game against the Boston Red Sox in the world's series of 1912 turned back the hard hitting Athletics without a semblance of a break.

Drives in Winning Run.

Then when he saw that his teammates could not wrest victory from Plank, he took his bat and drove in the run that won the game. Spurred on by his example, the other Giants added two more to clinch the contest, but they were not needed. Mathewson was the master to the end, Oldring, Collins and Baker being unable to drive the ball outside the diamond in the tenth and final inning, although 20,000 adherents pleaded for a hit that might start a winning rally.

As a result of Mathewson's prowess the Giants went back to New York on even terms with the Athletics.

Patching Up the Giants.

Mathewson did this in front of a team which looked hopelessly crippled when the battle started. Two regulars were out of the lineup and two were playing out of position. Fred Merkle showed up with a badly wrenched ankle as the result of a quick turn at first base in the closing innings of the game at New York. In spite of all efforts to keep the swelling down by the use of all devices known to trainers, Merkle was too lame to cover first base. Just before the game near the end of the fielding practice of the Giants Chief Meyers split his throwing hand, reopening an old wound and was thrown out of commission indefinitely. When the Giants took the field it was discovered that McGraw had placed Snodgrass, himself a cripple, on first base and Larry McLean, unknown to world's series combats, behind the bat. Before the third inning was over Snodgrass had shown by his painful attempts to negotiate the bases that the "charley horse" in his right leg refused absolutely to work in unison with his left leg, so he was taken out and George Wiltse was placed at the initial corner.

An exhibition of big class baseball and sensational play, the game was all that an ideal world's championship contest should be in fiction or reality.

For nine innings the rival clubs battled without advantage, brilliant fielding and thrilling strategy shutting off runs that appeared assured. In the tenth, the shades of darkness settling over the park, the hero of the game terminated the contest just as the dramatist would have staged the final scene. Score:
